55 MPH Gusts Buffet City, Power Lines

Homes Darkened By Storm

125 Telephones Out Short Time

Mansfield and the surrounding area escaped with only minor damage as a howling wind ripped across the state last night and early today, slashing telephone and power lines, uprooting trees and smashing windows in homes and business places in the south central area.

An estimated 300 homes were cut off from electric service between 11 p. m. and 12:30 a. m. south of Mansfield, where most of the damage was centered, according to R. D. Iden, distribution superintendent of the Ohio Public Service.

Another 50 customers were affected when electric wires blew down at Penn avenue and West Third street, and several sections of town were without street lights early today. Iden said most of the trouble was corrected last night.

C. L. Lisle, equipment superintendent at the Mansfield Telephone company, said 125 telephones were put out of service last night when the 55-mile-an-hour wind gusts drove rain into the lines. He stated that damage in and near the city was "light."

Fredericktown, hardest hit by telephone line damage, was being restored to service today.

55 MPH GUSTS

CAA officials at the airport station reported the wind reached its peak at 2:30 a. m. today when surface speed reached 48 miles per hour with 55-mile-per-hour gusts. Forty-mile winds with strong gusts were recorded during most of the evening.

Despite the storm, only one tree was reported damaged in the city. Police said a treetop was snapped off in front of 152 West Fourth street. Street Superintendent E. W. Davis said streets were clear of debris this morning.

Police had four reports of wind damage. At 1:30 a. m. a Lemley cleaners sign on the South Main street store was torn loose at one corner and had swung into a glass door. Gasoline pump doors were reported blown open and swinging at stations at Orchard and North Main streets and at the Pure Oil company station on North Main street. A front window was found broken out at the William's grocery on North Mulberry street.

In Galion, strong winds ripped off half of a tin roof on the C. E. Craun and Son grocery and cut power lines to the store. Damage was estimated at $200.

Telephone and electric service was affected only slightly. Tree branches were scattered about the city this morning. Two telephone poles were reported down on Route 30 south of Galion.

The weather bureau said the winds reached speeds up to 75 miles an hour in the Cleveland area, 73 miles an hour in Toledo and 65 miles an hour in Columbus. An 80-mile wind was reported at Findlay and Toledo.

The state highway patrol said the windstorm was general over most of the state. No personal injuries were reported.

Some of the heaviest wind damage occurred in Wood county. Power lines were blown down in several localities there and the Pemberville village schools were closed for the day because of lack of power.

Much colder weather and some snow was forecast for tonight. The forecast for tomorrow is for cloudy and cold.

Liquor Board Studies Moves

COLUMBUS. — (AP) — New regulations to control the flow of liquor licenses—disrupted recently by two court decisions—were under consideration today.

Chairman Walter W. Mitchell of Youngstown of the State Board of Liquor Control, disclosed the board has received an official transcript of recent court decisions affecting the permit powers of the liquor department.

"We've just begun considering the decisions," he said. "We have new regulations in mind aimed at clearing the situation up."

State Bonus Not Subject To Taxation

COLUMBUS — (U.P.) — Veterans who received their Ohio World War II bonus in 1948 do not have to report it in making out their federal income tax form, Harry F. Busey, collector of internal revenue for the Columbus district, said today.

Busey, answering a query from state headquarters of the American Legion, said, "In the opinion of this office the bonus received by World War II veterans from the state of Ohio would not be included in income for income tax purposes . . ."

Grand Jury To Convene Tuesday

28 Cases Due For Consideration

The January term of Richland county grand jury will convene next Tuesday to hear at least 28 cases.

Prosecutor Harold T. Lutz said the session will require approximately two days.

Among the cases to be presented to the jurors will be that of Orland T. Champion, 54, of 235 Wood street, bound over in the shooting and wounding of his son-in-law, Henry F. Byrd, 27, last Nov. 27.

Others whose cases will go before the grand jury are four reformatory escapers, charged with operating a motor vehicle without the owner's consent.

The four are Emerson Cain, 21, and Delmar Weaver, 21, both of Pickaway county; Mike Hall, 29, of Hamilton county, and Carl Daniels, 21, of Stark county. The car belonging to Glenn W. Gleason of Butler was taken at the Coliseum shortly after the inmates escaped from the reformatory, according to officers.

Charges also will be considered against Kenneth W. Rodgers, Trailer City, accused of breaking and entering the Perez-Smucker studio, 45 North Mulberry street, Christmas eve, when $487 worth of cameras and equipment were taken.

Glenn R. Jacobs of the De Soto hotel, was bound over on charges of receiving stolen property in connection with this case.

Other cases to be taken before the grand jurors include three breaking and entering cases, and grand larceny, carrying concealed weapons, forgery and assault cases.

Cars Hurt 2 Pedestrians

Two Mansfield pedestrians were injured yesterday when they attempted to cross busy streets.

Police said witnesses to the accidents told them one of the injured persons walked against the traffic light at an intersection and the other stepped from behind a car into the path of a motorist.

The injured were Mrs. Frank Reed, 68, of 443 Parker street, who was reported in "fair" condition today at General hospital, and Harry Eyerly, 52, of 455 West Third street. Mrs. Reed suffered multiple contusions of the head and arms when struck by a car at Fourth and Main streets at 6:05 p. m.

A spokesman for the Buckeye Bakery, 21 East Fourth street, said Mrs. Reed has been employed as a clerk there for the past 30 years.

Rolland M. Mabry, 188 Central avenue, driver of the car which struck Mrs. Reed, said the light was green and he did not see her until it was too late to avoid hitting her. Police said witnesses reported Mrs. Reed had walked against the light. Police said Mrs. Reed was thrown approximately 10 feet by the impact.

Eyerly, who suffered lacerations of the face when struck by a car in front of 115 Park avenue west at 4:15 p. m. yesterday, was treated for his injuries at General hospital and released.

Police said Eyerly was struck by a car driven by Harvey Getty of Wheatley, Ontario, Canada. Witnesses said Eyerly stepped from between two parked cars into the path of the Getty car as the car was traveling east.

AT COMMUNIST TRIAL—Demonstrators march in Foley Square outside the Federal building (background, top photo) at New York in protest against the trial of 12 top communist leaders charged with working for the forcible overthrow of the U. S. government. Police of the special force assigned to the trial watch in foreground. The lower photo shows 11 of the 12 defendants. Seated, from left, are Robert Thompson, Henry Winston, Eugene Dennis, Gus Hall, John Williamson; standing, Jack Stachel, Irving Potash, Carl Winter, Benjamin J. Davis jr., John Gates, Gilbert Green. Absent is William Z. Foster, who is ill and was awarded a separate trial. Hall, head of the Ohio communists, spoke over radio station WMAN in Mansfield last year, boasting that there were a hundred members of the Communist party in the city.

Studies Red Peace Move

Acheson Takes Over State Department

WASHINGTON, —(UP)— Dean G. Acheson takes office as secretary of state tomorrow, prepared to give prompt attention to a budding soviet "peace offensive."

The veteran diplomat, whose nomination was finally approved by the Senate yesterday 83 to 6, has been briefed on recent foreign policy developments by acting Secretary of State Robert A. Lovett.

Acheson's associates said the new secretary would weigh recent "peace feelers" carefully against Soviet actions in Berlin and other areas of east-west tension.

Talk of a Russian "peace offensive" stems from conciliatory speeches by French and Italian communist leaders over the weekend, and from an article in the current "Information Bulletin" of the Soviet embassy in Washington.

The honeyed words were received with cautious interest in diplomatic circles here. But officials emphasized that so far this country has had no direct "peace" bid from Moscow.

Plane On Airlift Crashes; 1 Dies

FRANKFURT — (UP) — The pilot of an American C-54 airlift Skymaster that crashed and burned six miles east of the Fassberg air base in the British zone last night died this morning in the Fassberg hospital, air force officials said today.

Two other crew members, co-pilot Lt. Ralph H. Walter of Kennett Square, Pa. and Engineer Sgt. Wilburn M Smith of Troy, The plane was demolished.

Fight Delaying Action

Red Defense Stalling Selection of Jurors

Hopes of starting selection of jurors for the trial of 11 top communists faded today as continued objections to talesmen and court procedure were voiced by defense counsels, wire services reported from New York.

Legal wrangling centered about what the defense called a "silk stocking" panel composed of names drawn from the social register, "Who's Who in New York."

In a delaying action, the defense for the 11 charged with plotting to overthrow the U. S. government by means of force has blasted the number of police guards about the courtroom; "prejudice" on the part of the court; severance of the trial of William Z. Foster; and jury panel selection.

The defense demanded that Federal Judge Harold R. Medina disqualify himself and all other federal judges in the district because they said the entire jury choosing system here was discriminatory against minority groups.

Judge Medina indicated he would overrule the disqualification motion but granted the defense lawyers time for more of their arguments which have delayed the trial since it opened in the federal courthouse on Monday.

William Z. Foster, chairman of the communist party in the United States, was severed from the trial of the 11 others yesterday when Judge Medina approved a prosecution motion postponing his trial because of his serious heart condition.

Among the others now on trial for conspiracy to teach and advocate the overthrow of the government by force and violence are Eugene Dennis, general secretary of the party, Henry Winston, the party's organizational secretary, and John Gates, editor of the communist Daily Worker.

In attacking the jury system yesterday, the communists' attorneys charged the talesmen were chosen from the social register, "Who's Who in New York," financial directories and telephone books, making sure only a minority came from Harlem or Manhattan's lower east side.

They contended that a survey of 7,487 prospective jurors since November contained 65 per cent executives and professional workers, 30 per cent clerical workers and only five per cent laborers.

Three Quit WFTU Rank

PARIS, — (INS) — U. S., British, and Dutch trade unionists quit the communist-led World Federation of Trade Unions today and called on unions from other democratic states to follow their lead.

The break, long predicted, came after the western delegates had sought to persuade the WFTU to suspend all activity for a year. Under the leadership of communists, the WFTU has been opposing the Marshall plan.

CIO Secretary-Treasurer James B. Carey, declared:

"The WFTU has ceased to exist as a democratic world trade union organization. I can state that the CIO is no longer affiliated with the WFTU and considers that the WFTU no longer exists."

Fighting Halted In China

Yuan Orders Cease-Fire

NANKING — (INS) — The Chinese government today ordered its battle-weary troops to cease fire and decided to send a peace mission to the communists.

The cease fire, which went into effect tonight, is to continue while Nationalist peace emissaries meet with the Reds to discuss a settlement in China's bitter civil war.

The Chinese cabinet also called for immediate dispatch of representatives to the communist-held areas of north China for peace talks.

(Reuters reported that conservative members of the cabinet bitterly denounced the cease fire order, declaring: "This means surrender."

(Reuters said that Premier Sun Fo, however, argued that there is no other way of solving the government's deteriorating position, and threatened to resign if the war were continued.)

Continued Nationalist defeats on the battlefields have sparked truce rumors and peace moves for more than a month. The decision to cease fire came after the United States, Russia, Great Britain and France rejected a plea by the Chinese government to mediate.

FOLLOWS ULTIMATUM

The Chiang Kai-shek government made the plea following a communist "peace ultimatum" issued a week ago.

There was no immediate announcement of who will be sent to the peace parley, but it was generally believed that Chang Chih-Chung will serve as chief mediator for the Nationalists.

A cease fire was already in effect in Peiping, sole city still held by the Nationalists in north China. A peace delegation including many of the city's leaders and educators went through the siege lines around Peiping to discuss surrender with the communists.

The decision to seek peace came in the wake of a succession of Nationalist military debacles. Mukden and the government's other holdings in Manchuria fell in November. Suchow and vast areas of China north of Nanking came under communist domination last month. Tientsin, one of the largest cities in north China, was captured this week.

Death Probe Results Nil

TALLAHASSEE, FLA., —(UP) —Authorities today delved into the backgrounds of three acquaintances of Grenville Baker, including a convicted bootlegger, in an effort to unravel the mystery of the New York socialite's sudden death on a lonely plantation road.

States Attorney William D. Hopkins announced that his investigators "will start over right from the beginning" to make certain no clue has been overlooked.

Baker died of a pistol bullet wound on a narrow road of his family's spacious horseshoe plantation near here before dawn Monday.

So far, Hopkins admitted, the bullet that brought sudden death to the former "Prince Charming" of New York society has left only a baffling question mark. It could have been murder, suicide or accidental shooting, he said

MODEL'S MODEL—Mansfield's Betty Underwood, shows the form that won her the title of "Models' Model." She was selected by 260 other New York models as their own idea of the perfect model for 1949. Architectural specifications include a 34-inch bust, 24-inch waist and 34-inch hips. She is 5 feet, 7 inches tall, weighs 116 pounds. Miss Underwood is the daughter of Mrs. Gladys Underwood, 30 South Park street.

Big Inch Explodes

BATESVILLE, Ind.—Firemen were still battling flames at the scene of an explosion on the Big and Little Inch natural gas pipelines near here late this morning, International News Service reported.

Flames shot hundreds of feet into the air for several hours after the two lines blew up and destroyed two pumping stations last night.

Two of five crewmen on duty were burned slightly in the blast. Officials estimated that "at least" $300,000 damage was caused by the destruction of the pumping stations alone.

Batesville Fire Chief Clarence Roell said it looked as if the blaze would soon be extinguished. He stated that there was a noticeable change in the fire and he expected to be able to use chemicals at close range.

The gas in the 24-inch line had almost burned out by dawn. The 20-inch pipe had almost burned itself out by early morning.

The Cincinnati Gas and Electric company expected the destruction to have little effect on the Queen City area unless a cold snap struck. The utility uses the two lines as boosters when supplies run low.

James E. Humphreys, advertising manager of the Columbus office of the Ohio Fuel Gas company, said the initial explosion was caused by lightning striking the lines.

Humphreys said the explosion probably would not curtail service in the Ohio area.

Court Finds Westinghouse Violated Law

TRENTON, N. J. —(AP)— The General Electric company, Westinghouse Electric and Manufacturing company, and seven other incandescent lamp manufacturers were found guilty today in federal court of violating the Sherman Anti-Trust act.

Judge Phillip Forman handed down a 313-page opinion holding that General Electric, Westinghouse and the other firms combined to maintain a monopoly of the incandescent electric lamp industry in the United States.

The other companies named in the decision were International General Electric company, Inc., Corning Glass Works, N. V. Philips' Gloeilampenfabriken, Consolidated Electric Lamp company, Hygrade Sylvania corporation, Hicago Miniature Lamp Works and Tung-Sol Lamp Works.

SIGN BEET CONTRACTS

FREMONT —(U.P.)— Field men for the Great Lakes Sugar company today started lining up farmers in this area to sign contracts for 1949 beet sugar plantings. Company officials said they hoped to sign up 9,000 acres this year, 4,000 more than last season.

Scores Injured, Burned

Crew Abandons Doomed Vessel

BOSTON — (AP) — Ten coast guardsmen were reported killed and "scores" burned and injured in a fiery crash of the cutter Eastwind and a tanker in fog off the New Jersey coast today. The coast guard said at Boston that report was radioed by the cutter's captain.

An order to abandon the cutter came as rescue ships converged on the scene of the crash, off Cape May, N. J.

The coast guard reported this radio message from Capt. John A. Glynn:

"Fire in midships area. Collided with S. S. Gulf Stream. Hit amidships in starboard side in CPO (chief petty officer) quarters and total casualties unknown but approximately 10 dead, mostly chief petty officers."

The coast guard here said a tanker, the S. S. Suzanne, radioed she was heading for New York with 17 survivors of the crash, two seriously burned and others with lesser injuries.

Another merchant vessel, the S.S. Junior, reported rescuing 75 crewmen from the cutter. She carried a crew of about 160.

Fire was out of control aboard the Eastwind, the coast guard said, but flames were held aboard the 10,000 ton tanker. No casualties were reported among the tanker's crewmen.

The crash tore the cutter so that her ammunition magazines were exposed and firefighters battled in momentary peril of explosion before the ship was abandoned the coast guard reported.

Ships arriving at the scene 98 miles southeast of New York picked up 92 survivors from the Eastwind, which carried between 110 and 120 crewmen.

No victims were reported from the tanker, whose bow was stove in when it struck the Eastwind.

The freighter S. S. Suzanne left for New York where it was expected about 3:30 p. m. Two of the injured aboard suffered third degree burns and the other 15 lesser burns. They were being treated by Dr. Louis Ortega, who was travelling to New York aboard the freighter when it went to the rescue.

Two coast guard planes circled the area looking for more survivors. The coast guard was short of search planes because of the large number sent to the Caribbean to hunt for a British South American Airways plane missing with 20 aboard on a flight from Bermuda to Jamaica.

Scores of ships hastened to the area.

NLRB Rule Hits Lewis

Contract Provision Declared Illegal

WASHINGTON —(INS)— The union shop provision of John L. Lewis' current contract with steel company "captive" coal mines was ruled illegal today by a National Labor Relations board trial examiner.

The examiner, William R. Ringer, recommended that the United Mine Workers union cease giving effect to the union shop clause in the agreement signed last summer with 18 steel-owned coal companies.

These mines, operated by firms which produce about 85 per cent of the nation's steel, are located in Pennsylvania, West Virginia, Kentucky, Alabama, Ohio and Utah.

The union shop provision permits the employment of a non-u miner but requires him to join the UMW within 30 days after he is hired.

Motorists Find Parking Pleasant

AKRON —(INS)— Probably more Akron motorists park in front of Nick Nack's restaurant than at any other place in the Rubber City.

For at that spot the restaurateur has installed a privately-owned parking meter electrically rigged up to pay off lucky parkers with a free chicken or steak dinner. Nackes originated the idea to provide funds for the March of Dimes.

Internal Warfare Disrupting FCC

(EDITOR'S NOTE: A special congressional investigating committee has just handed down a 10,000 word report that finds the Federal Communications commission has usurped judicial and legislative powers, seeks to control radio programs and "browbeats" radio applicants—charges which go even beyond those set forth by The News-Journal last year. This is the third of a series of articles in the report.)

Internal warfare is disrupting the Federal Communications commission, reducing efficiency and increasing expenses, according to the report of a congressional committee filed at the end of six months of investigation.

Evidence was unearthed showing that a "titanic" battle for power was waged by Executive Officer Holl to oust William Robertson, ex-budget officer.

"Deep wounds have been made that will not be healed for many years," the committee said. "All the FCC has gained, if it has gained anything, is several high-salaried officials who duplicate functions and multiply costs."

It found that as result of internal differences, the commission now has an executive officer, a budget and fiscal division, a planning division and a personnel division, all doing work which was formerly handled by the secretary's office "with less than half of the current staff."

The congressmen recommend that the commission straighten out its lines of authority, order a "cease-fire" on its internal wars, follow civil service regulations and make an exacting review of its employes.

This last is particularly important, the committee stated, saying: "This agency is a main target for communistic infiltration and ultimate domination."

The committee said that the engineering department in which it found little to criticize, is the victim of warfare among executives and employes.

NEW YORK— (UP) —Tournament of champions, inc., will begin the "futuristic" promotion of boxing at Manhattan center tonight.

Less than 3,500 fans can be accommodated at Manhattan center for the T. of C.'s first New York fight, between heavyweights Rusty Payne of Pittsburg and Curtis Sheppard of Baltimore.

Bellevue's Late Burst Rips Tygers

BELLEVUE — Bellevue high school added to its 1948-49 home court winning streak by vanquishing the Mansfield Tyger basketballers here last night, 44 to 37.

The Redmen rallied in the last four minutes of the tussle to score 11 straight points after the Senior high quintet had moved into a 33-to-32 lead. It was the ninth victory in 13 games for Bellvue and marked Senior high's fifth straight defeat on the road. The Tygers have now lost five and won six.

ZONE TOO MUCH

Inability of the Tygers to penetrate the tight Bellvue zone defense was one of the dominating factors in the defeat. The other factor was the fine all-around play of Milt Bruckner, one of Ohio's better court stars. Bruckner, playing his fourth year on the varsity, controlled the backboards and managed to dump in 18 points. Four of Milt's buckets were on a "patented" hook shot from the pivot.

Usually Senior high can fathom a zone, but the scrappy Redmen seemed to have a little extra st night. In fact, the defense was to tight that big Norb Shibinski, the Tygers' second top scorer, got only four shots. He made two of them.

The first quarter was tight all the way and ended 8-8. Jim Lepley and Shibiński traded fielders to start the second period but Bellvue kept moving along and ran up a 21-to-13 lead. Paul "Pinkie" Ferguson hit two baskets in the last 10 seconds of the half to make the score 21-17.

HIT ONE-HANDERS

Ken McCally and Jimmy Anderson connected on one-handers in the first minute of the second half to knot the count but Bruckner hit from the foul line. Then the Tygers went ahead for the first time in the game.

Anderson rammed home a pivot. McCally hit a one-hander and Demyan was successful from the foul line to give Senior high a 26-to-22 lead.

Bellevue tied the score at the quarter and built up a 30-to-26 lead in the fourth chapter. McCally sunk a foul for Mansfield but Bruckner dropped in a one-hander. Ferguson touched off the Tygers' final bid when he sailed the length of the floor to gage a bunny shot.

FINAL RALLY

McCally connected from under the basket and Ferguson and Demyan added fouls. That made the score 33-32 and set the stage for the Redmen drive. Lanky Ted Fox counted a foul and three straight pivot shots in the drive which put Bellevue ahead, 43 to 33.

The Redmen lost Ardin Long and Nasonti via the personal route while Mansfield was assessed only 13 fouls. Fox was second in scoring with 11 while Anderson led Mansfield with 10.

SOPHOMORES WIN

Coach Fred Staub's sophomores salvaged something by winning the preliminary joust, 47 to 36.

Mansfield led all the way, 13 to 7, 25 to 12 and 38 to 21. Center Gene Fidler topped the Tygers with 15 points.

★

Dave Guy, 6-foot soph, joined Staub's club for the first time last night. He had been sidelined by a broken ankle received during the football season.

★

Hoffman announced today that Bernie Weaver, rugged 6-foot senior, would be placed on the eligibility list for Saturday night's contest with Akron North in the Tyger gym.

Weaver earned a letter as a soph and was a member of the Tyger varsity cage squad last season.

Shelby High Cagers Rap Wooster Generals, 45-38

By JOHN PATRICK

SHELBY—Coach Chuck Williams' Shelby Whippets defeated the Wooster Generals, 45 to 38, in a game which found both teams having difficulty in locating the basket last night on the Shelby high floor.

Sparked by Harold Onie and Dick Utz, the Whippets ran up a comfortable lead to allow the second team to play the greater portion of the last quarter. Onie had 16 and Utz, 14.

L. Johnson and K. Shearer were high for the Generals, with 12 apiece.

In the preliminary game, Coach Larry Swackhammer's reserves edged scrappy Wooster reserve team by the margin of Johnny McHugh's field goal in the last few seconds of the game to make the score 25 to 24.

The Galion junior high defeated Coach Bill Wilkins junior team 24 to 21 yesterday afternoon. Hertz was high point man for Galion with 10 points and Alfrey topped the Shelby scoring with 8 points.

Scheib Holds Out for More From Athletics

(By United Press)

Pitcher Carl Scheib of the Philadelphia Athletics, who is seeking $10,000 and was offered only $8,000, became the first holdout of 1949 today, while other major leaguers continued to return signed contracts in a rapid and steady succession.

Scheib, a 22-year-old right-hander who won 14 games and lost eight last season in addition to batting .298 as a pinch-hitter, was a major factor in the Athletics' surprising fine showing during 1948.

Because of his proficiency at the plate, Manager Connie Mack previously indicated that Scheib might be converted into an outfielder. Pitcher or outfielder, however, Scheib wants $10,000.

PHILS SIGN FOUR

The Philadelphia Phillies had better luck than the neighboring Athletics and announced the signing of four players in Infielder Granville Hamner, Catcher Hal Wagner, Outfielder Bill Loos, and Pitcher Jack Walz.

Two right-handed pitchers, Paul (Dizzy) Trout and Hal White, reached salary agreements with the Detroit Tigers, bringing to three the number of satisfied Bengals.

The New York Giants who lead both leagues in the list of signed players with 18, signed three at a clip — Pitcher Dave Koslo, Rookie Pitcher George Spencer and Rookie Outfielder Pete Milne.

Coach Resigns

TIFFIN — (AP) — William E. Krause has resigned as Tiffin Columbian high school's football and track coach. He asked to be retained as a teacher in the junior high school. No action has been taken.

Mitsch's Play Independent 5

Frankie Mitsch's Corner store, first half champions of the class B National league, will begin defense of its second half title tonight when it meets the Independents in the 9 p. m. game at Senior high school.

Four Square Gospel will meet AVC in the 7 p. m. opener and Home Materials tangle with Au Construction at 8.

First set of second round games last week were won by Home Materials, the Salesmen and Au Construction. Mitsch's held a bye.

All-Ohio Center Sliced Off Grid

CINCINNATI — (AP) — Stev O'Dea, 19, sophomore center on the Xavier university football squad, has been dismissed from the squad "for disciplinary reasons," head coach Ed. Kluska announced last night.

O'Dea, a 210-pounder from Campbell who played regular center for Xavier the past two seasons" "is through playing football at Xavier," Kluska said. He declined to discuss the matter furthur. O'Dea was named to the Associated Press all-Ohio first team last fall.

Two Hit Honor Roll In Six Pin Leagues

A half-dozen leagues bowled on the Colony and Richland Recreation alleys last night but only two men, Gene Luedy and Paul Herlihy were able to carve their niche on the honor roll.

Luedy turned in the best bowling job of the night, a 226-209-187—622, with the Teamsters in the Transportation league.

Pete Hergatt of Schenk's took second honors with a 547 while Harry Swimley had 546; Adam Karbula, 534; Eugene Shafer, 528; Tony Augustine, 527; and J. Miner, 525.

★

Herlihy's 600 came in the Elks loop on games of 195, 191 and 214. Leo Yuncker was runner-up with 572 while Art Hilborn was one pin behind with 571. C. Walters posted a 562; C. Roby, 557, and Don Dancer, 555.

★

Barney Campbell pounded out the best single game of the night —257—in the Mansfield Tire league but fell all the way to 143 in his second game, then took 196 in the finale for a 596 series.

Tom Tipul and H. Groves were deadlocked for second place with scores of 562. M. Siwek was close behind with a 214 single game and 560 series while Jim McPhern had 206 and 556. Other top scores included a 544 by Charles Bauer and a pair of 542's by Joe Kasper and B. Mahoney sr.

★

P. Woodward paced the Westinghouse C loop with 223-134-103—560. I. Snyder turned in 542, L. Spring, 523; F. Lybarger, 516; and Lou Tridico, 511.

★

Leadership of the Richland C league was a tie between Lou Faiello and F. Black, both of whom pounded out 508 series. Faiello got his by the consistent method while Black go 160-179-209.

C. Kopp turned in a 522, B. Littler, 520 and K. Beam, 501.

★

Grace Chronister led Westinghouse women with 491 and was followed by Ruth Metzger's 409.

Crusader Club In Easy Win

NEW YORK — (UP) — The crusaders of Holy Cross, still stunned by defeats in five early-season games on their "suicide" schedule, were struggling mightily today to regain the national prominence they have enjoyed the last two seasons.

Although it has taken the best, or very nearly the best, teams in the nation to halt Holy Cross, that doesn't make the boys from Worchester, Mass., any happier about their current eight won, five lost record.

The Crusaders took their latest stride on the road back at Madison Square Garden last night by thumping Manhattan college, 65 to 54.

Ranks of the nation's five unbeaten major teams were kept intact by two games last night as Hamline gained its 12th win over Augsburg, 70 to 54, and Western Kentucky marked up its 13th triumph by routing Memphis state, 78 to 51.

Cincy 5 Bounces Back to Victory

(By the associated press) ITAL Cincinnati's basketball team bounced back last night (Tuesday) after Saturday's defeat, taking a 46 to 36 victory over the Redskins of Miami university.

The Bearcats — beaten only by Butler this year — scored their first victory at Oxford since the 1941-42 season. The scores last night were the lowest for both teams this season. Miami led during the early minutes of the game, but a two-pointer by Bill Westerfeld broke an 11-11 deadlock and Cincinnati stayed in front until the end.

Cleveland Indian Roster Goes Up 2

CLEVELAND — (AP) — The Cleveland Indians announced today that Thurman Tucker and Bobby Wilson have signed 1949 contracts.

Tucker, a centerfielder from Mineral Wells, Tex., hit .260 for the tribe last year.

Wilson is a 23-year-old second baseman from Geldsboro, N. C. who was purchased from the Baltimore Orioles at the end of last season.

Owner Watches

(By International News Service)

Owner Al Sutphin travels to Hershey tonight to watch his Cleveland Barons in action as they make their last appearance of the season on the Bears' home ice.

Final GG Bouts

LORAIN — (INS) — Lorain's final night of golden gloves mitting will feature 26 bouts tonight with the champions eligible to enter Cleveland's district tournament Jan. 27 and 28, Feb. 1 and 4.

Methodist Win Gives Outfit Round Crown

First Methodist completed its first half season with a perfect mark in the Senior church league by trouncing Ontario Community, 36-21, last night in the YMCA gym.

Park Avenue Baptist edged Lucas Lutheran and First Christian walloped United Brethren, 66-14, in other games. Chuck Burton led Park Avenue Baptist and the league with 13 points. McNeely of Lucas Lutheran got 12.

Second round games in the loop get under way next week.

Ontario 5 Wins Tenth Cage Game

UNION — Ontario's undefeated Warriors increased their Richland county league lead to two full games as they ran over Union, 58-25, here last night. It was the tenth win of the season for Ontario.

Coach Dick Casad's big gold team jumped into a 12-6 lead at the end of the first period and continued to pour on the coal. It led 30-14 at the half and 48-18 at the third quarter before Casad flooded the floor with substitutes.

Ontario forward Howard Sunnucks got his league scoring lead back as he pumped in 17 points. He had been a single score behind Plymouth's Desmond Donnenwirth in one less game. Guard Jack Perry was runner-up last night with 14 tallies.

The Warriors also won the reserve game, 32-19.

AAC Is Not Ready for Burial

By CHARLES EINSTEIN

CHICAGO — (INS) — National Football league magnates rode gleefully into Chicago today to give their All-America conference rivals a decent burial, but the corpses were holding a meeting and could not be disturbed.

There was no indication that, by the time act two of the AAC's secret Chicago pow-wow disbanded, the All-America wouldn't consider itself as lively an organization as ever.

That would throw the same kink into the Nationals' plans for peace-on-our-terms as transpired a month ago at Philadelphia, during the first peace meeting between the two embattled groups of professional football. It was just that factor that some AAC bigwigs were banking on.

It appeared evident that those among the All-America who look upon amalgamation with the NFL as the only solution to their financial dilemma were told off in fairly stiff terms during the first AAC session in Ben Lindheimer's Chicago offices yesterday.

Lindheimer, owner of the Los Angeles Dons and chairman of the All-America's executive board, is the Bill Klem of the league, in that it ain't nothin' till he calls it. And he is known to be plumping for peace on a two-league basis which would retain the identity of the All-America conference.

Should the Nationals be unwilling to have peace on that basis, then the All-America would, in Lindheimer's design, go right on operating.

It was presumed, therefore, that AAC clubowners were told not to come out for amalgamation with (or absorption by) the NFL for two very sound reasons.

1. Temporary success which is often blinding is no basis on which to promote a business. The future of professional football lies logically in the same set-up as that enjoyed by big league baseball, namely two equal leagues. And it is with that long-range future rather than temporary expediency in mind that AAC owners should act.

2. The desire of All-American magnates to join the National league is tantamount to an admission of defeat on the AAC's part. Thus, discounting the elements of personal honor and pride, the National league would be able to dictate the peace.

'Syndicates Moved In'

Claim 'One-Armed Bandits' on Way Out

By BOB LEERIGHT

TWIN FALLS, Ida., — (AP) — Twin Falls has killed a goose that laid golden eggs, after deciding the gold did not assay 14 carats.

Slot machines which brought the city $393,742 through a "partnership" with machine owners during 1948 have been silenced.

The city licensed slot machines at 50 per cent of the gross proceeds, after deduction of a 10 per cent maintenance fund, and reaped a harvest of nickels and troubles.

Before they were outlawed, the 265 slot machines averaged $1,093 a day in proceeds for this city of 12,000.

But the city council found drawbacks.

Police Commissioner I. E. Nitschke said many of the slot machines "were controlled by a syndicate."

He said false bills of sale were presented to the city clerk in making application for licenses, owners devised a scheme of "milking" the tubes of the machines and "various means of defrauding the city were discovered."

A Twin Falls city patrolman was convicted of extortion. The state charged he had obtained $1,000 from a cafe operator to insure continuation of the cafe's slot machine licenses. The case is being appealed to the state supreme court.

Relief agencies said their rolls were growing and that the slot machines "were a contributing factor." Businessmen reported an increase of overdue accounts.

Police became skeptical of the increase in armed robberies and questioned two men who claimed they had been held up by gunmen. Both signed statements they had dreamed up the robbery stories because they were afraid to tell their wives they had lost their weekly pay checks in slot machines.

During the slot machine era, the city built a new swimming pool, made extensive street repairs, launched a broad youth recreation program and laid plans for two new fire stations. Mayor H. G. Lauterbach said that with the removal of slot machines, construction on the fire stations will be delayed.

Three other Idaho cities—Boise Nampa and Rupert—also cancelled their slot machine licenses for 1949. They charged a flat fee for the machines, ranging from the state-required minimum of $500 up to $1,500 charged for $1 machines in Boise.

Of the license fee proceeds, the state and county got $125 each and the city the rest.

Lockland Wayne Hoopsters Give Scorers a Bad Time

By HAROLD HARRISON

CINCINNATI—(AP)—Pity the poor scorekeepers when Lockland Wayne's Class B high school basketball team goes to work.

Unbeaten in 13 games and beginning to think about becoming the first Negro high school in history to win an Ohio state championship, Wayne has rolled along at such a blistering pace that it has averaged over 84 points a game in its last seven contests.

Over the full 13 games, Wayne has averaged 72 points a game while limiting its foes to 23 a contest.

Stocky Joe Martin, the Wayne coach who says, "I never cared for basketball in college," has a very simple explanation for the team's high scores.

"We've just been hitting," he said.

And he makes no claims to any kind of fancy offensive or defensive system.

"The boys just go out and play the way that seems best," he said.

Martin traces his team's current hot streak to a game with the school's alumni. Usually, an alumni game is more fun than good basketball, but in that game the alumni squad was made up entirely of college players—and they took a 71 to 48 beating from the high school boys.

That seemed to set the varsity on fire.

The Wayne team is a bit surprising in these days of skyscraper basketball players. Center Leo Bennett is six feet two inches tall and not another player on the first ten reaches the six-foot mark.

And there aren't any high individual scorers, either.

"We don't have a first five or second five," Martin explained. "I use all 10 boys about the same length of time, so the scoring has been equally distributed."

Last year, Wayne won 26 of 29 games and took the Class B district title before losing to Eaton, the eventual state champs, in the regionals. Six lettermen from that team are back this year.

But Martin has no illusions about next season.

"This has to be it," he said in reference to a possible state championship. "Nine of my first 10 are seniors."

BLONDE PULCHRITUDE—These two blonde skating beauties—Joane and Joyce Scotvold—are featured performers in the 13th edition of the Ice Follies now appearing at the Cleveland Arena. The show ends a nine-day stand Jan. 25.

Scooter Skoog Leading Big 9 Court Scorer

CHICAGO — (AP) — "Scooter" Skoog, the sensational Minnesota sophomore who once thought about enrolling at Illinois, is keeping his aim on the Big Nine scoring championship with a bag of 74 points in four games.

Skoog, who finally decided to return to his home state after being discharged from the Navy, is clicking for an 18.5 game average after popping in 26 points against Iowa Monday night.

Ohio State's Dick Schnittker averaged 21 points in two games before being stricken with an undisclosed illness. He is in an isolation ward at the University of Iowa hospital for treatment, being confined before game time last Saturday. He has missed two Buckeye games and probably will be out of action indefinitely.

Meanwhile, Bob Raidiger has held up the Ohio State scoring. He pocketed 23 points against Wisconsin for a 16.2 averake in four games to follow Skoog in the standings. The Badger's Don Rehfeldt is next with 15.7 and is followed by Bill Erikson of Illinois with 15.3

Columbusite Hurt In Golden Gloves

COLUMBUS —(U.P.)— Clarence Mowery, 28-year-old Columbus featherweight, was reported in fair condition today with a brain concussion suffered in a Golden Gloves boxing match at Memorial hall last night.

Mowery was knocked out in 1:22 of the first round by Emanuel Frazier, also of Columbus. Emergency squadsmen took him to the hospital, where he regained partial consciousness.

Buyers Resist Higher Priced Citrus Fruits

(By Associated Press)

Prices of citrus fruit and most fresh vegetables settled slowly this week after sharp advances which accompanied winters heavy assault on several producing states.

Although the weather continued unusually cold in some important growing regions and crop damage was reported severe, prices felt the impact of consumer resistance. Many shoppers turned quickly to canned or frozen foods when they saw sharp mark-ups in fresh produce lines, market spokesmen said.

Lemons and both California and Florida oranges declined from last week's levels in key cities. Grapefruit and lettuce also was lower as receipts continued in normal volume. Some items like peppers and celery eased as much as 50 per cent in wholesale price.

However, produce men said weather damage would augment the seasonal shortages of such vegetables as tomatoes, string beans, peas and lima beans, keeping them priced relatively high for the rest of the winter. A Florida citrus commission official told fruit growers at Orlando, Fla., that higher citrus prices could be expected in the weeks ahead because California orange shipments would be reduced for the next three months as a result of the freeze.

A spokesman for the California fruit growers exchange in New York said exchange officials were preparing an estimate of the situation with regard to California fruit, based on damage reports completed Thursday. He declined to comment further pending this estimate.

Meat and dairy prices remained generally stable following last week's cuts in several items. The American Meat institute reported this week that housewives now are paying an average of 26 per cent less for pork chops than mid-September. Round steak has declined 25 per cent, chuck roasts 22 per cent, leg of lamb 17 per cent and lamb chops and hamburger 13 per cent.

Liquor Dealers Retain Hergatt

John Hergatt, proprietor of the Ringside night club, in Mansfield, was re-elected first vice-president of the Buckeye Retail Dealers association at its annual convention in Columbus Wednesday.

Members re-elected 10 officers and elected a new fourth vice-president. Henry Walther, of Canton, was re-elected president and William Lape, of Dayton, the only newly-elected officer, became fourth vice-president.

The association recommended doing away with the office of state liquor director. Instead the department would be regulated by a four-member, Bi-partisan board. An eight-year term with a salary of $15,000 annually would be set for each member.

LEGAL NOTICE .

Walter Alexander Peters whose last known place of residence is 926 South Main Street, Santa Ana, California, will take notice that on the 18th day of January, 1949 the undersigned, Margaret Elma Peters, filed her petition against him in the Court of Common Pleas of Richland County, Ohio, praying for a divorce and relief on the grounds of gross neglect and extreme cruelty. HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Competition Again Hits Auto-Making Industry

By DAVID J. WILKIE

DETROIT — (AP) — Competitive influences are back in some parts of the automotive field but the industry will sell all the cars it can make this year.

Moreover, barring a serious economic setback, the car factories will build more passenger automobiles this year than were made in 1948.

This viewpoint admittedly runs contrary to that of some car makers, but demand for new autos still is far ahead of supply Production volume will be controlled largely by the amount of sheet steel the industry gets this year

One certainty is that the 9,676,000 passenger cars built since the end of 1941 have not satisfied the demand of seven years That total minus some 600,000 units that went to foreign markets, did not even take care of normal replacements

You may scoff all you like at the validity of the backlog of unfilled orders for new cars. There is a lot of water in it. However there now are on the nation's highways more than 4,000,000 passenger cars built before 1937.

Perhaps that's a tribute of some kind to efficient repair work by the service shops in the days of car shortages, but these cars are long overdue at the scrap heap and will have to be replaced

The industry probably will build around 4,500,000 passenger cars this year, more of them than ever are likely to be in the lower priced field Meanwhile another 2,500,000 vehicles will approach the junk stage.

So the auto industry's market is not going to collapse Certainly the car makers themselves do not lack confidence in the outlook. They have just completed an investment of approximately $400,000,000 to design and tool for 1949 models

The last of the new general motors models—Pontiac and Chevrolet—make their public debuts this week. Late next month or early in March all the new Chrysler, De Soto, Dodge and Plymouth cars will be on sale.

Some motorcar experts, notably James D. Mooney, Willys-Overland's head man, have said that within six months it will be possible to buy a new car off the dealer's floor. Others have said the buyer's market in the more popular price fields still is a year or more away.

You may take your choice of these differing viewpoints Most industry chroniclers believe that excepting for mounting manufacturing costs and retail prices, developments in the automobile business are following a normal pattern

Recently announced production cutbacks by Kaiser-Frazer and Ford's Lincoln-Mercury division started a lot of discussion about growing sales resistance in some price fields

Of course the buyer's market is on its way back. But that doesn't mean evil days lie ahead for the industry. It means competition for buyer preference; it means many dealers who have had something of a holiday since the war will have to go to work.

It is estimated that Americans read 400 million books a year.

Strategic Plans Should Precede Atlantic Pact

The confidential discussions about a North Atlantic pact, which Mr. Lovett conducted during the summer and autumn, are approaching the point where a crucial question arises. It is whether our partners in Europe fully understand what Americans understand by the "constitutional processes" which were referred to in the original Vandenberg revolution.

It is not easy for European statesmen and diplomats to understand the American constitutional system and usages in foreign affairs. Even the very few—and they are remarkably few—who have studied our peculiar system seriously cannot altogether believe that its peculiarity will not somehow disappear. They are used to alliances, entered into by the government of the day, which commit future governments to go to war under certain circumstances.

The peculiarity of the American system is that the United States cannot make an alliance of this sort. For though the Senate can ratify a treaty, only the Congress can declare war. No treaty can supersede this sovereign power of the Congress. No future Congress can be bound to go to war by a treaty ratified by the Senate in some one Congress. So well is this understood by Americans that the Senate could not even be asked to ratify such a treaty of alliance.

Now I have no doubt whatever that all this has been carefully and thoroughly explained by Mr. Lovett and his associates. Nor is there any possibility that the draft of the North Atlantic pact will not make our constitutional limitations explicit.

Nevertheless, there is a grave danger of a misunderstanding in Europe. It will be very difficult for the European public to grasp the fact that months have been devoted to confidential negotiations for what is widely described as a defensive alliance, and yet that juridically it cannot be an alliance, as Europeans understand the word.

Their difficulty will be augmented if the proposed pact is more or less formally agreed to by them before it is published and subjected to open debate in the United States. No matter what the language of the pact, they will be unable to believe that the Senate is not morally committed by the confidential discussion to ratify without material changes, and that this ratification will not be a moral commitment, larger than the words of the pact, for the future.

THE WAY OUT

There is, however, a practical way to deal with this difficulty. What the Western European nations most need from us is a sure knowledge that if they are attacked in Europe by the Soviet Union, we shall be ready, on the basis of plans and preparations made in advance, to become at once a fighting ally. Now this sure knowledge can be given them only if their strategical plans and ours are worked out together, and if we assist them in rearming.

The theory on which we are now proceeding is that such concrete measures can be taken only if first a formal pact has been ratified. But is that true? What is to prevent the President as Commander in Chief from agreeing, after consultation with Congress, to the appointment of an American officer as supreme commander of the Western powers? And what is to prevent this Congress from authorizing the appropriation of funds to be used in strengthening the defenses of Western Europe?

If measures of this sort preceded the formal pact, instead of depending upon it, the alliance would exist de facto in its most impressive, concrete, and immediate form. The constitutional difficulties of a juridical alliance for the indefinite future would fall into their proper perspective.

Many other difficulties, which may otherwise be unsurmountable, would be reduced. The threat of a Soviet invasion of Western Europe is now known to be much less than it was believed to be last spring. Nevertheless, the threat remains, and it cannot be dismissed as negligible as long as the Red Army is in the center of Europe.

The purpose of an alliance with Western Europe is to neutralize this threat. But the real and constant object of diplomacy must be not to neutralize but to end the threat by a settlement which brings about the military evacuation of Europe. That object demands immediate specific measures, not abstract, long-range juridical formulae.

These immediate specific measures should be taken before we have to debate the many serious questions which a formal pact inevitably presents.

If You Yell, People Will Yell Right Back, Researchers Prove

GAMBIER — (AP) — Shout at people and they'll holler right back at you. Speak softly, and they'll give you a soft answer.

That sounds like common knowledge dating back to the stone age. Any way, scientific researchers have found it to be true.

The Kenyon college speech research unit reported today its tests showed that folks just cannot help shouting when they are shouted at.

The researchers asked a group of Kenyon students a series of simple questions at varying degrees of loudness. Sure enough, the answers came back soft or loud, in keeping with the questioner's voice.

Even when the students were told to reply in a uniform tone, they just couldn't help pitching their voices in the same key as the questioner's.

The college research unit carried on the tests under a contract with the office of naval research. They are part of a series of experiments under way at the naval air training base in Pensacola, Fla.

Dr. John Black, professor of speech at Kenyon, is directing the research here. It is considered of value in training naval personnel to communicate efficiently in airplanes and on shipboard.

Dr. Black began his voice communications research for the navy during the war. His findings include:

(1) Around 120 words a minute if the most efficient rate of speaking to be understood.

(2) A loud intensity, just short of shouting, is most effective when speaking over communications equipment in competition with noise, in a boiler factory, for instance.

(3) Loud shouting cuts down the listener's understanding.

(4) Under conditions of intense noise, men from the middle west can be understood better than southerners or easterners.

(5) The intelligibility of a word increases with the number of syllables. That is, polysyllabic ("ten dollar") words can be better understood than four letter words — over communications equipment.

Employment Lag Starts To Show Up

Mansfield Picture Better Than Average

With claims for unemployment compensation mounting steadily throughout the state since the latter part of October, the Mansfield office has been handling an increased number of unemployment compensation applications within the past month, it was reported today by C. W. Handley, manager of the local office.

The rise in Mansfield applications did not start until December, Handley said, although other offices throughout the state reported increases as far back as three months ago. He attributed this to the diversity of industry in Mansfield, as well as to the good business practices of Mansfield management.

Despite 48,477 claims filed last month throughout the state, Frank J. Collopy, administrator of the Ohio Bureau of Unemployment Compensation, said there is no indication the peak has been reached.

The December claims figure represented a 48 per cent jump from November, with the December total 50 per cent greater than for the same period in 1947. However, the figure represented only a four per cent increase over December of 1946, Collopy said.

The Compensation administrator pointed out that unemployment compensation claims normally increase in the fall, but that the current rise began somewhat earlier than usual. He cautioned that the bureau was in no position to predict the future employment picture, but only to cite the facts on the existing situation.

Handley explained, however, that the local increase in compensation applications, Richland county had nearly 3,000 more persons employed during the past 12-month period than during 1946 and the early part of 1947.

The Mansfield situation was comparable to the state picture in that seasonable lay-offs are expected in the construction trades and retail stores at this time of year, he said, while lack of orders for factory products and consequent production cuts play a part, as has the shortage of certain basic materials, such as steel.

The average weekly check for total unemployment last month in the state was $18.59, representing an increase for the sixth consecutive month, Handley said. Layoffs in the higher-wage industries account for this rise, it was learned. The state administrator reported compensation applications were eight per cent above December, 1947, but a full 33 per cent below the December, 1946 period.

55 MPH Gusts Buffet City, Power Lines

Homes Darkened By Storm

125 Telephones Out Short Time

Mansfield and the surrounding area escaped with only minor damage as a howling wind ripped across the state last night and early today, slashing telephone and power lines, uprooting trees and smashing windows in homes and business places in the south central area.

An estimated 300 homes were cut off from electric service between 11 p. m. and 12:30 a. m. south of Mansfield, where most of the damage was centered, according to R. D. Iden, distribution superintendent of the Ohio Public Service.

Another 50 customers were affected when electric wires blew down at Penn avenue and West Third street, and several sections of town were without street lights early today. Iden said most of the trouble was corrected last night.

C. L. Lisle, equipment superintendent at the Mansfield Telephone company, said 125 telephones were put out of service last night when the 55-mile-an-hour wind gusts drove rain into the lines. He stated that damage in and near the city was "light."

Fredericktown, hardest hit by telephone line damage, was being restored to service today.

55 MPH GUSTS

CAA officials at the airport station reported the wind reached its peak at 2:30 a. m. today when surface speed reached 48 miles per hour with 55-mile-per-hour gusts. Forty-mile winds with strong gusts were recorded during most of the evening.

Despite the storm, only one tree was reported damaged in the city. Police said a treetop was snapped off in front of 152 West Fourth street. Street Superintendent E. W. Davis said streets were clear of debris this morning.

Police had four reports of wind damage. At 1:30 a. m. a Lemley cleaners sign on the South Main street store was torn loose at one corner and had swung into a glass door. Gasoline pump doors were reported blown open and swinging at stations at Orchard and North Main streets and at the Pure Oil company station on North Main street. A front window was found broken out at the William's grocery on North Mulberry street.

In Galion, strong winds ripped off half of a tin roof on the C. E. Craun and Son grocery and cut power lines to the store. Damage was estimated at $200.

Telephone and electric service was affected only slightly. Tree branches were scattered about the city this morning. Two telephone poles were reported down on Route 30 south of Galion.

The weather bureau said the winds reached speeds up to 75 miles an hour in the Cleveland area, 73 miles an hour in Toledo and 65 miles an hour in Columbus. An 80-mile wind was reported at Findlay and Toledo.

The state highway patrol said the windstorm was general over most of the state. No personal injuries were reported.

Some of the heaviest wind damage occurred in Wood county. Power lines were blown down in several localities there and the Pemberville village schools were closed for the day because of lack of power.

Much colder weather and some snow was forecast for tonight. The forecast for tomorrow is for cloudy and cold.

Liquor Board Studies Moves

COLUMBUS, — (AP) — New regulations to control the flow of liquor licenses—disrupted recently by two court decisions—were under consideration today.

Chairman Walter W. Mitchell of Youngstown of the State Board of Liquor Control, disclosed the board has received an official transcript of recent court decisions affecting the permit powers of the liquor department.

"We've just begun considering the decisions," he said. "We have new regulations in mind aimed at clearing the situation up."

State Bonus Not Subject To Taxation

COLUMBUS — (UP) — Veterans who received their Ohio World War II bonus in 1948 do not have to report it in making out their federal income tax form, Harry F. Busey, collector of internal revenue for the Columbus district, said today.

Busey, answering a query from state headquarters of the American Legion, said, "In the opinion of this office the bonus received by World War II veterans from the state of Ohio would not be included in income for income tax purposes . . ."

Grand Jury To Convene Tuesday

28 Cases Due For Consideration

The January term of Richland county grand jury will convene next Tuesday to hear at least 28 cases.

Prosecutor Harold T. Lutz said the session will require approximately two days.

Among the cases to be presented to the jurors will be that of Orland T. Champion, 54, of 235 Wood street, bound over in the shooting and wounding of his son-in-law, Henry F. Byrd, 27, last Nov. 27.

Others whose cases will go before the grand jury are four reformatory escapers, charged with operating a motor vehicle without the owner's consent.

The four are Emerson Cain, 21, and Delmar Weaver, 21, both of Pickaway county; Mike Hall, 29, of Hamilton county, and Carl Daniels, 21, of Stark county. The car belonging to Glenn W. Gleason of Butler was taken at the Coliseum shortly after the inmates escaped from the reformatory, according to officers.

Charges also will be considered against Kenneth W. Rodgers, Trailer City, accused of breaking and entering the Perez-Smucker studio, 45 North Mulberry street, Christmas eve, when $487 worth of cameras and equipment were taken.

Glenn R. Jacobs of the De Soto hotel, was bound over on charges of receiving stolen property in connection with this case.

Other cases to be taken before the grand jurors, include three breaking and entering cases, and grand larceny, carrying concealed weapons, forgery and assault cases.

Cars Hurt 2 Pedestrians

Two Mansfield pedestrians were injured yesterday when they attempted to cross busy streets.

Police said witnesses to the accidents told them one of the injured persons walked against the traffic light at an intersection and the other stepped from behind a car into the path of a motorist.

The injured were Mrs. Frank Reed, 68, of 443 Parker street, who was reported in "fair" condition today at General hospital, and Harry Eyerly, 52, of 455 West Third street. Mrs. Reed suffered multiple contusions of the head and arms when struck by a car at Fourth and Main streets at 6:05 p. m.

A spokesman for the Buckeye Bakery, 21 East Fourth street, said Mrs. Reed has been employed as a clerk there for the past 30 years.

Rolland M. Mabry, 188 Central avenue, driver of the car which struck Mrs. Reed, said the light was green and he did not see her until it was too late to avoid hitting her. Police said witnesses reported Mrs. Reed had walked against the light. Police said Mrs. Reed was thrown approximately 10 feet by the impact.

Eyerly, who suffered lacerations of the face when struck by a car in front of 115 Park avenue west at 4:15 p. m. yesterday, was treated for his injuries at General hospital and released.

Police said Eyerly was struck by a car driven by Harvey Getty of Wheatley, Ontario, Canada. Witnesses said Eyerly stepped from between two parked cars into the path of the Getty car as the car was traveling east.

AT COMMUNIST TRIAL—Demonstrators march in Foley Square outside the Federal building (background, top photo) at New York in protest against the trial of 12 top communist leaders charged with working for the forcible overthrow of the U. S. government. Police of the special force assigned to the trial watch in foreground. The lower photo shows 11 of the 12 defendants. Seated, from left, are Robert Thompson, Henry Winston, Eugene Dennis, Gus Hall, John Williamson; standing, Jack Stachel, Irving Potash, Carl Winter, Benjamin J. Davis jr., John Gates, Gilbert Green. Absent is William Z. Foster, who is ill and was awarded a separate trial. Hall, head of the Ohio communists, spoke over radio station WMAN in Mansfield last year, boasting that there were a hundred members of the Communist party in the city.

Fighting Halted In China

Yuan Orders Cease-Fire

NANKING — (INS) — The Chinese government today ordered its battle-weary troops to cease fire and decided to send a peace mission to the communists.

The cease fire, which went into effect tonight, is to continue while Nationalist peace emissaries meet with the Reds to discuss a settlement in China's bitter civil war.

The Chinese cabinet also called for immediate dispatch of representatives to the communist-held areas of north China for peace talks.

(Reuters reported that conservative members of the cabinet bitterly denounced the cease fire order, declaring: "This means surrender."

(Reuters said that Premier Sun Fo, however, argued that there is no other way of solving the government's deteriorating position, and threatened to resign if the war were continued.)

Continued Nationalist defeats on the battlefields have sparked truce rumors and peace moves for more than a month. The decision to cease fire came after the United States, Russia, Great Britain and France rejected a plea by the Chinese government to mediate.

FOLLOWS ULTIMATUM

The Chiang Kai-shek government made the plea following a communist "peace ultimatum" issued a week ago.

There was no immediate announcement of who will be sent to the peace parley, but it was generally believed that Chang Chih-Chung will serve as chief mediator for the Nationalists.

A cease fire was already in effect in Peiping, sole city still held by the Nationalists in north China. A peace delegation including many of the city's leaders and educators went through the siege lines around Peiping to discuss surrender with the communists.

The decision to seek peace came in the wake of a succession of Nationalist military debacles. Mukden and the government's other holdings in Manchuria fell in November. Suchow and vast areas of China north of Nanking came under communist domination last month. Tientsin, one of the largest cities in north China, was captured this week.

MODEL'S MODEL—Mansfield's Betty Underwood, shows the form that won her the title of "Models' Model." She was selected by 260 other New York models as their own idea of the perfect model for 1949. Architectural specifications include a 34-inch bust, 24-inch waist and 34-inch hips. She is 5 feet, 7 inches tall, weighs 116 pounds. Miss Underwood is the daughter of Mrs. Gladys Underwood, 30 South Park street.

Big Inch Explodes

BATESVILLE, Ind.—Firemen were still battling flames at the scene of an explosion on the Big and Little Inch natural gas pipelines near here late this morning, International News Service reported.

Flames shot hundreds of feet into the air for several hours after the two lines blew up and destroyed two pumping stations last night.

Two of five crewmen on duty were burned slightly in the blast. Officials estimated that "at least" $300,000 damage was caused by the destruction of the pumping stations alone.

Batesville Fire Chief Clarence Roell said it looked as if the blaze would soon be extinguished. He stated that there was a noticeable change in the fire and he expected to be able to use chemicals at close range.

The gas in the 24-inch line had almost burned out by dawn. The 20-inch pipe had almost burned itself out by early morning.

The Cincinnati Gas and Electric company expected the destruction to have little effect on the Queen City area unless a cold snap struck. The utility uses the two lines as boosters when supplies run low.

James E. Humphreys, advertising manager of the Columbus office of the Ohio Fuel Gas company, said the initial explosion was caused by lightning striking the lines.

Humphreys said the explosion probably would not curtail service in the Ohio area.

Court Finds Westinghouse Violated Law

TRENTON, N. J. —(AP)— The General Electric company, Westinghouse Electric and Manufacturing company, and seven other incandescent lamp manufacturers were found guilty today in federal court of violating the Sherman Anti-Trust act.

Judge Phillip Forman handed down a 313-page opinion holding that General Electric, Westinghouse and the other firms combined to maintain a monopoly of the incandescent electric lamp industry in the United States.

The other companies named in the decision were International General Electric company, Inc., Corning Glass Works, N. V. Philips' Gloeilampenfabriken, Consolidated Electric Lamp company, Hygrade Sylvania corporation, Hicago Miniature Lamp Works and Tung-Sol Lamp Works.

SIGN BEET CONTRACTS

FREMONT —(UP)— Field men for the Great Lakes Sugar company today started lining up farmers in this area to sign contracts for 1949 beet sugar plantings. Company officials said they hoped to sign up 9,000 acres this year, 4,000 more than last season.

Scores Injured, Burned

Crew Abandons Doomed Vessel

BOSTON — (AP) — Ten coast guardsmen were reported killed and "scores" burned and injured in a fiery crash of the cutter Eastwind and a tanker in fog off the New Jersey coast today. The coast guard said at Boston that report was radioed by the cutter's captain.

An order to abandon the cutter came as rescue ships converged on the scene of the crash, off Cape May, N. J.

The coast guard reported this radio message from Capt. John A. Glynn:

"Fire in midships area. Collided with S. S. Gulf Stream. Hit amidships in starboard side in CPO (chief petty officer) quarters and total casualties unknown but approximately 10 dead, mostly chief petty officers."

The coast guard here said a tanker, the S. S. Suzanne, radioed she was heading for New York with 17 survivors of the crash, two seriously burned and others with lesser injuries.

Another merchant vessel, the S.S. Junior, reported rescuing 75 crewmen from the cutter. She carried a crew of about 160.

Fire was out of control aboard the Eastwind, the coast guard said, but flames were held aboard the 10,000 ton tanker. No casualties were reported among the tanker's crewmen.

The crash tore the cutter so that her ammunition magazines were exposed and firefighters battled in momentary peril of explosion before the ship was abandoned the coast guard reported.

Ships arriving at the scene 98 miles southeast of New York picked up 92 survivers from the Eastwind, which carried between 110 and 120 crewmen.

No victims were reported from the tanker whose bow was stove in when it struck the Eastwind.

The freighter S. S. Suzanne left for New York where it was expected about 3:30 p. m. Two of the injured aboard suffered third degree burns and the other 15 lesser burns. They were being treated by Dr. Louis Ortega, who was travelling to New York aboard the freighter when it went to the rescue.

Two coast guard planes circled the area looking for more survivors. The coast guard was short of search planes because of the large number sent to the Caribbean to hunt for a British South American Airways plane missing with 20 aboard on a flight from Bermuda to Jamaica.

Scores of ships hastened to the area.

NLRB Rule Hits Lewis

Contract Provision Declared Illegal

WASHINGTON —(INS)— The union shop provision of John L. Lewis' current contract with steel company "captive" coal mines was ruled illegal today by a National Labor Relations board trial examiner.

The examiner, William R. Ringer, recommended that the United Mine Workers union cease giving effect to the union shop clause in the agreement signed last summer with 18 steel-owned coal companies.

These mines, operated by firms which produce about 85 per cent of the nation's steel, are located in Pennsylvania, West Virginia, Kentucky, Alabama, Ohio and Utah.

The union shop provision permits the employment of a non-union miner but requires him to join the UMW within 30 days after he is hired.

Motorists Find Parking Pleasant

AKRON —(INS)— Probably more Akron motorists park in front of Nick Nack's restaurant than at any other place in the Rubber City.

For at that spot the restaurateur has installed a privately-owned parking meter electrically rigged up to pay off lucky parkers with a free chicken or steak dinner. Nackes originated the idea to provide funds for the March of Dimes.

Fight Delaying Action

Red Defense Stalling Selection of Jurors

Hopes of starting selection of jurors for the trial of 11 top communists faded today as continued objections to talesmen and court procedure were voiced by defense counsels, wire services reported from New York.

Legal wrangling centered about what the defense called a "silk stocking" panel composed of names drawn from the social register, "Who's Who in New York."

In a delaying action, the defense for the 11 charged with plotting to overthrow the U. S. government by means of force has blasted the number of police guards about the courtroom; "prejudice" on the part of the court; severance of the trial of William Z. Foster; and jury panel selection.

The defense demanded that Federal Judge Harold R. Medina disqualify himself and all other federal judges in the district because they said the entire jury choosing system here was discriminatory against minority groups.

Judge Medina indicated he would overrule the disqualification motion but granted the defense lawyers time for more of their arguments which have delayed the trial since it opened in the federal courthouse on Monday.

William Z. Foster, chairman of the communist party in the United States, was severed from the trial of the 11 others yesterday when Judge Medina approved a prosecution motion postponing his trial because of his serious heart condition.

Among the others now on trial for conspiracy to teach and advocate the overthrow of the government by force and violence are Eugene Dennis, general secretary of the party, Henry Winston, the party's organizational secretary, and John Gates, editor of the communist Daily Worker.

In attacking the jury system yesterday, the communists' attorneys charged the talesmen were chosen from the social register, "Who's Who in New York," financial directories and telephone books, making sure only a minority came from Harlem or Manhattan's lower east side.

They contended that a survey of 7,487 prospective jurors since November contained 65 per cent executives and professional workers, 30 per cent clerical workers and only five per cent laborers.

Studies Red Peace Move

Acheson Takes Over State Department

WASHINGTON, —(UP)— Dean G. Acheson takes office as secretary of state tomorrow, prepared to give prompt attention to a budding soviet "peace offensive."

The veteran diplomat, whose nomination was finally approved by the Senate yesterday 83 to 6, has been briefed on recent foreign policy developments by acting Secretary of State Robert A. Lovett.

Acheson's associates said the new secretary would weigh recent "peace feelers" carefully against Soviet actions in Berlin and other areas of east-west tension.

Talk of a Russian "peace offensive" stems from conciliatory speeches by French and Italian communist leaders over the weekend, and from an article in the current "Information Bulletin" of the Soviet embassy in Washington.

The honeyed words were received with cautious interest in diplomatic circles here. But officials emphasized that so far this country has had no direct "peace" bid from Moscow.

Plane On Airlift Crashes; 1 Dies

FRANKFURT — (UP) — The pilot of an American C-54 airlift Skymaster that crashed and burned six miles east of the Fassberg air base in the British zone last night died this morning in the Fassberg hospital, air force officials said today.

Two other crew members, co-pilot Lt. Ralph H. Walter of Kennett Square, Pa. and Engineer Sgt. Wilburn M. Smith of Troy, The plane was demolished.

Three Quit WFTU Rank

PARIS, — (INS) — U. S., British, and Dutch trade unionists quit the communist-led World Federation of Trade Unions today and called on unions from other democratic states to follow their lead.

The break, long predicted, came after the western delegates had sought to persuade the WFTU to suspend all activity for a year. Under the leadership of communists, the WFTU has been opposing the Marshall plan.

CIO Secretary-Treasurer James B Carey, declared:

"The WFTU has ceased to exist as a democratic world trade union organization. I can state that the CIO is no longer affiliated with the WFTU and considers that the WFTU no longer exists."

Death Probe Results Nil

TALLAHASSEE, FLA., —(UP) —Authorities today delved into the backgrounds of three acquaintances of Grenville Baker, including a convicted bootlegger, in an effort to unravel the mystery of the New York socialite's sudden death on a lonely plantation road.

States Attorney William D. Hopkins announced that his investigators "will start over right from the beginning" to make certain no clue has been overlooked.

Baker died of a pistol bullet wound on a narrow road of his family's spacious horseshoe plantation near here before dawn Monday.

So far, Hopkins admitted, the bullet that brought sudden death to the former "Prince Charming" of New York society has left only a baffling question mark. It could have been murder, suicide or accidental shooting, he said.

Internal Warfare Disrupting FCC

(EDITOR'S NOTE: A special congressional investigating committee has just handed down a 10,000 word report that finds the Federal Communications commission has usurped judicial and legislative powers, seeks to control radio programs and "browbeats" radio applicants—charges which go even beyond those set forth by The News-Journal last year. This is the third of a series of articles in the report.)

Internal warfare is disrupting the Federal Communications commission, reducing efficiency and increasing expenses, according to the report of a congressional committee filed at the end of six months of investigation.

Evidence was unearthed showing that a "titanic" battle for power was waged by Executive Officer Holl to oust William Robertson, ex-budget officer.

"Deep wounds have been made that will not be healed for many years," the committee said. "All the FCC has gained, if it has gained anything, is several high-salaried officials who duplicate functions and multiply costs."

It found that as result of internal differences, the commission now has an executive officer, a budget and fiscal division, a planning division and a personnel division, all doing work which was formerly handled by the secretary's office "with less than half of the current staff."

The congressmen recommend that the commission straighten out its lines of authority, order a "cease-fire" on its internal wars, follow civil service regulations and make an exacting review of its employes.

This last is particularly important, the committee stated, saying: "This agency is a main target for communistic infiltration and ultimate domination."

The committee said that the engineering department in which it found little to criticize, is the victim of warfare among executives and employes.

Ferguson Blames 'Poor Collection' for $16,000,000 Loss

Will Ask Legislature For Action

Audit Findings Basis of Demand

COLUMBUS —(AP)— State Auditor Joseph T. Ferguson today blamed attorneys general and local prosecutors for the bulk of $25,717,121.35 in uncollected debts on state books.

Ferguson estimated the loss to Ohio from poor collection efforts at about $16,000,000. A part of the debt, possibly 25 per cent, he agreed was uncollectible.

The debts represent "findings" by Ohio state auditors since 1902, when the auditor's Bureau of Inspection and Supervision of Public Officers was established.

In that 47-year span, Ferguson disclosed, "findings" against individuals and firms, who knowingly or unknowingly spent or appropriated public funds illegally, totaled $38,740,805.66 up to Jan. 1, 1949.

Of that total, only $13,023,684.31 has been collected, less than one-third the sum due.

"I am going to ask the legislature for authority to make my own collections," said Ferguson.

"With my own legal staff, I can collect anywhere from one-half to three-quarters of the findings of my examiners. And, furthermore, the fact that I can immediately follow up my own findings will tend to make many officials refrain from making illegal moves."

Under present law, the attorney general is the state auditor's legal representative—and is responsible for making collections of findings where local authorities do not move.

Ferguson said that he had never been properly represented by either Republican or Democratic attorneys general.

"We just don't see eye-to-eye," he said.

Nor, was the state auditor any too certain he could carry his desire for a divorce from the attorney general through the legislature.

"I've tried this before," said Ferguson. "It has always been blocked. I have had legislators tell me that I had made findings against them when they were in some minor public post, and that they wouldn't vote for any bill giving me collection powers because I might go back and collect the findings against them."

Under the law, the state auditor's inspection bureau delves into the books of counties, cities, villages, schools, townships, justices of the peace, conservancy districts, housing projects and state departments.

The findings listed on state books include everything—big and small—from the embezzlement of nearly a half million dollars by a county official to the minute unpaid bill of a dead tuberculosis patient in a hospital.

Truck Bed, Hound Stolen

Thefts of a $227 truck bed and a blue tick coon hound were reported to sheriff's deputies yesterday.

V. H. Walker of Route 314 near Ontario, reported to deputies theft of his hound dog from the yard at his home between 7 p. m. Monday and 6 a. m. Tuesday. Walker said the dog answers to the name of "Lad."

C. K. Brinkle of Five Points, Ashland county, reported that a flat-bottom truck bed was stolen from the yard of the Midway tavern on U. S. Route 30. He valued the truck bed at $227.

Court Rules No Pay for Fight On Job

COLUMBUS — (INS) — The Ohio supreme court ruled today that you can't receive workmen's compensation for injuries received in a fight with a fellow employe.

The high court refused to review the appeal of Ben S. Brown, of Columbus, who became involved in an argument over his work with another employe of the Schiff Shoe company Nov. 15, 1946.

Brown received skull injuries in the ensuing melee. Because it happened for industrial compensation but was turned down by the courts.

Internal Warfare Disrupts FCC, Multiplying Expenses

(Continued From Page 1)

The engineering department examines applications from a technical point of view and checks on the construction and engineering practices of stations.

But the committee found that the legal division which, it said, currently holds the reins, is the "Goliath" among the various FCC departments and, according to investigators, is exercising power and influence far above and beyond its "ability."

As a result, the engineers' work is under a handicap. "An applicant can be approved by the engineers and given a clean bill by the accounting department, but the license can be held up by the legal department for any real or imaginary conflict of law," says the report.

This checks with charges made by The News-Journal months ago that applicants for radio license are turned down for reasons that have nothing to do with engineering competency or financial ability.

Holding that there were an excessive number of lawyers on the staff, the committee recommended further study of both the legal department and its personnel.

"There is strong reason to suspect that a general reorganization of this branch of the FCC would be in the public interest," the report said.

The committee also declared that the number of employes has grown enormously, from 503 in 1935 to 1380 in 1948, of which 907 are concentrated in Washington. "There appears to be overstaffing in Washington," the committee commented.

This strife-ridden government bureau exercises tremendous power, however, affecting investments totaling literally tens of billions of dollars, in which millions of Americans have a stake. The committee points this out as follows:

"The physical properties of all radio and television stations, the telegraph and radio companies, the telephone companies and other vast enterprises under its supervision are of incalculable worth to our nation in war and in peace. The investment of the telephone industry alone probably surpasses several billions of dollars."

In the field of radio alone, the FCC has jurisdiction over 1,779 AM radio stations already in operation and 314 which hold construction permits; 39 operating television stations and 84 with permits to build such stations, and some 1453 FM with licenses, construction permits or temporary grants.

That adds up to 3,669 companies in the radio and television field alone which are subject to what the committee described as the "life and death" authority of a government bureau which, the committee reported, cannot even maintain discipline among its own employes.

Council Act Gets Galion Mayor Veto

Power Row Step Brings Disfavor

GALION — Mayor H. H. Hartmann last night vetoed a resolution council several weeks ago to secure Attorney Carl J. Gugler as legal counsel to defend the city in Crawford county courts where several actions are pending.

Hearings have been set for Fe b. 10 in Bucyrus on the temporary injunction which City Solicitor George H. Davies filed against the electric power franchise ordinance. The franchise, passed over the mayor's veto last year, granted the Ohio Public Service company the right to sell power to two local factories.

The other hearing will be on the mandamus, also filed by Davies, to force passage of an ordinance which would give citizens as a referendum vote on whether or not the franchise ordinance should take effect. Council voted five to two against the motion.

Other council action last night included a motion to adopt a resolution authorizing the service and safety director to enter into a contract with Polk township trustees to give fire protection to the township. It passed after considerable discussion.

Council accepted the mayor's report on collections of $635.40 for the month and accepted the police pension fund report listing a balance of $12,147.98 with total assets of $18,934.38. Councilman Floyd Myers and M. G. Thompson were reappointed to the police relief pension board.

A petition protesting assessments levied against property owners to pay the cost of blacktopping Grand street was referred to the city solicitor. Nine property owners signed the petition.

Bevin Ducks Criticism

LONDON — (INS) — British Foreign Secretary Ernest Bevin sidestepped criticism of his Palestine policy by members of his own party by staying away from a secret party meeting

Reliable sources said that Bevin sent word to a closed meeting of Labor members of Parliament that he stayed away because he had nothing to add to his statement in Parliament yesterday.

Many "rebel" Laborites, who had come prepared to assail Bevin's near eastern policy grumbled. A large contingent immediately walked out of the meeting, disregarding the fact that many subjects were on the agenda.

A large majority of Labor M.P.'s, however, were said to have backed Bevin's contention that negotiations now taking place should not be disturbed.

Girl, 17, Haled Into Court

A 17-year-old girl, charged with violating terms set up by juvenile court, was arrested today by sheriff's deputies after she did not show up for a hearing set for yesterday afternoon in juvenile court.

A health examination for the girl was ordered at a hearing today.

She had been ordered by the court to obtain a job or attend school, but girl had done neither juvenile officers said. She had been charged with truancy.

Air Line Stocks Lead Slow Market; Price Range Narrow

NEW YORK —(AP)— The stock market dozed along in a narrow price range today

Air line stocks responded to moderate buying interest but elsewhere the trend was obscure. Many key stocks drifted back and forth between the plus and minus columns.

Interest in airline issues may have been stimulated by a report from National Airlines which disclosed a net income in December, as compared with a net loss a year earlier, despite a passenger load factor of only 43.56 per cent.

Among air carrier issues boosted were Pan American Airways, American Airlines, United, Eastern, and Transcontinental & Western.

Push Hedges School Job

Charles Conklin, Mansfield architect, has been employed by the city Board of Education to prepare plans and specifications for an 11-room addition to the Hedges school, John H. Eisaman, clerk of the board, said today.

The project is a part of the huge school remodeling and construction progam approved by voters in passing two bond issues.

Eisaman said the addition at Hedges will include an auditorium-gymnasium Eight rooms of the present Hedges building will be retained since they are fairly new.

The complaint charges he has failed to support his four children since Oct. 1.

Tax 'Upset' Proves Dem Edge Slim

Southerners Aid GOP In Voting

WASHINGTON —(INS)—Republicans and southern Democrats handed President Truman an inaugural-eve warning today that his margin of Senate control is dangerously thin on economic issues.

Sen. Byrd (D) Va., one of the Democrats who lined up with Republicans to defeat the inauguration tax - exemption bill, called the "upset" a "demonstration that we still can assert ourselves on some issues."

The votes of Byrd and five other Democrats gave the GOP minority its surprise victory. The tally was 47 to 45 against the legislation

Opposition to the House-approved bill, which would have exempted tickets for inaugural entertainment events from the federal amusement tax, caught the Democratic majority flat-footed.

Sen Lucas (D) Ill, majority leader-designate, said he had felt sure the bill would pass after two Republican amendments had been defeated. Democrats felt so confident, they admitted, they didn't think it necessary to accuse the GOP of "politics" in the course of debate That charge came out promptly after the final roll call.

Lucas said the GOP action was "just sour grapes" and asked: "Would they have taken that position if Governor Dewey were being inaugurated?"

House Majority Leader McCormack (D) Mass, suggested that the inaugural committee ask persons attending the events to make "voluntary contributions" in the amount of the federal tax. He said this would prevent any loss falling on the inaugural committee.

Thieves Get 200 Cartons Of Cigarets

Police today were investigating a burglary at South Boulevards market which netted thieves 200 cartons of cigarets last night. Entrance to the store was gained by prying open the front door.

The burglary was discovered by Frank Perry, an employe of the market, when he reported to work at 8 a. m. today. Police said the burglary was committed between 8 p. m. and the time of discovery.

The stolen cigarets were valued at $326, police said

South Boulevards market was the scene of an armed hold-up two days before Christmas when a bandit escaped with $1,288 A man believed to have committed the hold-up was killed the next night when he attempted to hold up a food store in Barberton.

Collects $1,069 In Overcharges

The area office of the Housing Expediter collected $1,069 in overcharges for 11 tenants during December, Area Rent Control Director George W. Blecker, reported today.

A large number of inquiries were handled during the month, indicating people are becoming more reluctant to pay over-the-ceiling rents, he said.

Blecker stressed the necessity of obtaining and saving rent receipts if a tenant expects his office to assist in collecting overcharges.

Ohio Still Fumbling Liquor Control

NOW THAT the Buckeye Retail Liquor Dealers' association has brought the subject to public attention by recommending that the position of director of liquor control be abolished and the state liquor department revamped, it may appear to some observers that the time is ripe for a careful study of the whole Ohio setup of the traffic in intoxicants, with a view to eliminating some of the objectionable features of the present system, which seems more designed for profit than to meet the supervisory need recognized in connection with this particular business.

Complaint is made by liquor dealers that they are "tired of the continual revamping of policy and personnel, with change of administrations . . . that causes the industry to be subjected to unfair and unjustified public criticism that usually occurs between election day and the day the new administration takes over."

This is a criticism, of course, of the flood of licenses issued just before administration changes two years ago and a couple of weeks ago, which resulted in the temporary "freeze" order issued by Oscar L. Fleckner, newly appointed state liquor director.

A recent ruling by a Franklin county common pleas judge seems to make an already confused situation even more complex. In his opinion the state liquor department must not bar an applicant "because it considered an area already adequately served by saloons, or because of objections by police, schools or other organizations."

When it is taken into account that Ohio's objective, after repeal of the prohibition law, was to prevent return of the much maligned "old-time saloon," and when it is observed how much worse conditions now exist than were permitted under county supervision of a strictly limited number of saloons, it cannot be doubted that some remedial legislation is in order—and possibly a new start would be proper legislative and administrative procedure.

When Polio Strikes Home Community

SINCE JUNE, 1947, there have been 19 cases of polio in Richland county, and the local chapter of the Foundation for Infantile Paralysis has spent $10,500 fighting the disease in the interim. Contributions have not equaled that amount. It has been necessary to use reserve funds from earlier years.

The time has now come for another money-raising campaign. "Deficit spending" days are over. It is necessary for Richland countians to contribute generously to meet the needs of battling the dread illness whenever and wherever it strikes.

There should be no need to "sell" this campaign. The work of the Foundation has been outstanding both in assisting financially with treatment and in providing prompt isolation in hospitals where cases can be given proper and adequate attention.

Your dimes should not "march"—they should leap to help this cause.

Public Schools Worth Their Cost

CLIMBING COSTS of operating Mansfield's public school system must be accepted as a natural part of community growth and an accepted obligation to increase the pay of teachers to a point reasonably comparable to earnings in other lines of work requiring equal education and qualifications.

While the budget of $1,621,799, set up for this year's public school operations, seems large, it must be taken into account that 83.3 of the total is required for payment of salaries, leaving only 16.7 per cent to cover all other phases of school expenditures.

It should also be remembered that more than half of Mansfield's locally assessed taxes go to operation of the public school system and that these expenditures, plus funds derived from sanctioned bond issues, have been approved by the people of this community, who have always shown deep interest in providing excellent school facilities for this city's children.

As municipal, county and school costs mount, however, it is necessary to show equal willingness to make commensurate increase in tax payments, for it is only from revenues derived from some form of taxation that costs of public services can be met, regardless of how important they may be.

Voting Barrier Held Illegal

ANY ALABAMAN who wanted to get on the voting list was required to understand and explain passages in the federal Constitution to the satisfaction of the registrar, under a state law which has just been declared unconstitutional by a three-judge federal court. The purpose of the law, the court declared, was to discriminate against would-be Negro voters.

It may not have occurred to defenders of the law, but such a provision is a perfect weapon for a local machine seeking to perpetuate its power. Once the qualification for voting depends on the whim of the registrar, sooner or later there is likely to be discrimination against political opponents. White voters would then suffer, as well as Negro.

All the registrar need do is to ask the explanation of some obscure passage in the Constitution, such as "No bill of attainder or ex post facto law shall be passed". How many voters in Alabama or elsewhere could interpret that?

Marveling at present travel speed, the Kansas City Star contends: "It is now possible to order lunch in Chicago and fly to New York and back before the waiter brings it."

Harry Wade notices that: "With the addition of Newfoundland, the Dominion of Canada becomes larger than Europe, although a great deal less trouble."

A little inaccuracy now and then "is relished by the best of men," if there is a human touch in his system. But it is easily overdone.

Believe it or not, it is possible to make so much money that the value sort of oozes out of it.

Kashmir's Fate Hinges on UN Plebiscite

WE OWE the United Nations a debt of gratitude for securing an armistice in the Kashmir crisis which threatened to plunge the Indian peninsula into conflict.

The warring dominions of India and Pakistan—both eager to absorb this huge, rich state—have grounded arms. There is to be a plebiscite to determine which dominion the people of Kashmir wish to join for it is essential that they attach themselves to one or the other.

The British in granting independence to the whole Indian Peninsula strongly urged that the principalities affiliate with one of the dominions.

So the UN commission, having made its prideful report at Lake Success, is heading back to supervise the voting. Good luck go with them! They'll need it.

A highly interesting but delicate aspect of this situation is that the commission will have to work with the maharajah of Kashmir, His Highness Sir Hari Singh. He is the autocratic and haughty ruler of some 4,000,000 people.

His state, which is one of the world's beauty spots is nearly as large as Great Britain and provides an annual income running up to $175,000,000.

The position has been complicated by the fact that the vast majority of the population is Moslem, while the prince is a Hindu. That at once presents a clash in interests, since the maharajah's leanings naturally are towards Hindu India whereas his people might be expected to favor Moslem Pakistan.

* * *

Recalls "Mister A" Case.

WHILE Lord Mountbatten still was viceroy of United India, before the grant of independence became effective, he urged the maharajah to consult the people of Kashmir to see which dominion they preferred. However, the prince delayed until after the transfer of power had been made and then announced that he wished to join Hindu India. That precipitated the India-Pakistan fight.

As things stand, the maharajah's chances of retaining his autocracy would seem to be most precarious. However, he is lucky to have ruled at all for back in 1923—when he was 28—he got mixed up in a mess which threatened his succession to the throne. That was the notorious "Mister A" blackmail case which involved a bed-room scene in Paris and was tried in a London court.

The youthful prince then was heir of his uncle, who was ruler of Kashmir. Hari got framed in one of those "unhand my wife, you villain" plots which as I recall it, cost him about $750,000 before he wisely called for help.

Of course the blackmailers had to be brought to trial, and the British government did its best to protect the honor of the Kashmir throne and of Prince Hari by suppressing his name. He was mysteriously labelled "Mister A" by the authorities and disclosure of his real identity was officially forbidden. So the reporters (of whom your columnist was one) worked under wraps until finally the truth leaked out.

Well conviction for blackmail was secured and the prince was relieved of further pressure from the gang.

However, his succession to the throne hung in the balance for a considerable time. Finally Britain and Hari's uncle forgave all and he was taken back into their good graces.

The uncle was a shrewd old boy with a keen sense of humor—the sort you would expect to give youth plenty of leeway for indiscretion. I met him in New Delhi in 1916 and found him most affable, although he was a handful for the British at times.

Whenever a British official raised any uncomfortable question with the maharajah, the ancient fox would "fall asleep" and so remain until the danger was past. That was a trick which always worked.

Sir Hari succeeded his uncle in 1925. Now he faces more trouble.

Concession To Hysteria

By THOMAS L. STOKES

WASHINGTON — The jittery state of the world—and of us, here in this country—is illustrated again sadly in the melodramatic performance that the Senate foreign relations committee seemingly felt compelled to put on over the nomination of Dean Acheson as secretary of state.

Here was a man of integrity—fine character, and of proved ability in the handling of foreign affairs from long experience as assistant secretary and under-secretary. He had served under three secretaries of state.

The high quality of his service as well known to members of the Senate, who follow every aspect of foreign policy carefully because of their share in its direction.

A great many of them have known him personally from his tour of duty as liaison for the state department which kept him at the Capitol much of the time.

Yet despite all that, despite his selection by the President of the United States as his cabinet officer of top rank, he had to undergo the unusual—if not unprecedented—experience for an appointee to that post of coming forward and explaining himself as if he were a novice and an unknown.

Why that was so is a commentary on our strange times.

It was not on account of Dean Acheson, himself, or his record. It was not so much the fault of the Senate, itself. It was because of the weird and almost unreasoning hysteria whipped up over the so-called "spy cases" which has reached bounds that are not characteristic of the American people, or complimentary to them.

Senators felt themselves impelled to put Mr. Acheson on the grill publicly because of the pressure. He became a sort of scapegoat for the hysteria. His confirmation was assured, but an act of absolution was required, politics being like that.

* * *

Familiar Scene.

TO THE reporter who walked into the huge Senate caucus room for this public confessional, there was something familiar about the atmosphere.

With some differences and some restraints, it was comparable to the atmosphere of another caucus room in the House office building across the Capitol plaza, where the un-American activities committee stages its shows.

There was the same tingling excitement in the air, the same long line of people waiting to get in to see the spectacle, the same Klieg lights, the same photographers bustling about snapping all and sundry.

And, for the proper touch, just as the hearing started, a former member of the House un-American activities committee slipped into the room and took a seat among the spectators—Senator Karl Mundt (R., Nebr.).

Fortunately, it was a somewhat different atmosphere after the proceedings got under way, for this is a different breed of men. But the Senators went through their paces.

It must be said for them that they were somewhat embarrassed and apologetic as they put their questions, with an air of this-hurts-me-more-than-it-hurts-you.

Mr. Acheson had consideration for their discomfiture, for he maintained his good humor and disciplined diplomatic calm as he answered precisely, and in detail, all their questions. He went fully into his relations with the Hiss brothers, Donald and Alger, glad for the opportunity finally to clear up all sorts of misconceptions and present the facts, and fully conscious, since he has been long in public service, that this unfortunately would be the headline—as it was—for early editions.

In the background always of the give-and-take, though rarely mentioned, was soviet Russia. To delicately phrased inquiries he made it known he was no "appeaser," and, in proof of his attitude toward Russia, he read excerpts from his speeches, like a young man taking an examination to be a "G-Man." Senator Vandenberg helpfully brought out that he had been denounced in Moscow, which seems now to be the test.

Washington Merry-Go-Round

How Truman Can Add To Gift of Dimes

By DREW PEARSON

WASHINGTON — January is a month when we have come to think of inaugurating presidents and of raising money for children who cannot walk.

In addition to children, newspapermen became so long accustomed to a President who also could not walk, that they have been a little slow to realize that the President of the United States can now drop in on his friends on Capitol Hill without the least effort, and can amble in and out of the Capitol's entrances as fast as anyone else when he takes the oath of office.

For so many years was it necessary to build long, slanting ramps up inclines in order to avoid steps for the President, that people in Washington became quite accustomed to it and took it for granted.

And during all the years Franklin Roosevelt was in office, the newspapers, including those hostile to him, said almost nothing about his infirmity. Even in private conversation people did not talk too much about the fact that the President could not walk. They just felt sorry for him and didn't mention it.

Only on his birthday was his infirmity brought home to the public, and then in order to help others stricken with his dread affliction.

* * *

An Idea for Truman.

TODAY this column recalls these facts because as Franklin Roosevelt's birth date again approaches, and as the span of years since his death increases, it is only natural that the money-raising effort which he inspired should somewhat diminish. Therefore here is an idea which may help revitalize it—an idea by which one President can help the work started by another.

Harry Truman not only can walk, but he can play the piano. And despite the advice of his daughter to stick to his few favorite tunes, a lot of people think he plays rather well. They enjoy hearing him.

Only a very few of the American people, however, have had the pleasure of hearing him. He has played at the dinners of his Oklahoma oil heiress friend, Mrs. Perle Mesta. He has played at the Press club, and in the privacy of the White House.

And while it might not be dignified for the President of the United States to play before a large audience, there could be nothing wrong with Harry Truman's making two or three records for the American people for the benefit of Roosevelt's infantile paralysis fund.

For instance, if the President should make a phonographic record of his old favorites, "Missouri Waltz" and "Anchors Aweigh," I predict they would sell in the millions.

Furthermore if daughter Margaret sang to her father's accompaniment, more millions would accumulate for the infantile paralysis fund.

* * *

ASCAP Offers Cooperation.

TO TEST out the idea, I put it before Fred Alhert, head of ASCAP (American Society of Composers, authors and Publishers). Alhert has written a good many songs himself, including two which sold over two million—"I'll get by," and Bing Crosby's theme song, "Where the Blue of the Night Meets the Gold of the Day." So he can be considered something of an authority on music. Furthermore, as head of ASCAP he is something of an authority on the sale of records.

Fred Alhert's reaction was immediate. He volunteered to obtain a waiver of all royalty rights from the authors of Harry Truman's favorites, and also offered to pay a good share of the cost of making the records. The only reason he didn't offer to pay all the cost was because he feared the sale would run into so many millions it would bankrupt ASCAP.

Anyway, there is an idea—an idea by which one President can help cure the affliction which struck another President. The records could be dedicated: "To a Crippled President Who Helped a Crippled Nation — From Harry Truman."

Tennessee—Hub of U. S. A.

ELEANOR KEFAUVER, seven-year-old daughter of the senator from Tennesese, believes that all the U. S. A. revolves around her Daddy's state. At least that was her excuse for inviting all the girls in her class to ride on the Tennesee float in the inaugural parade.

Senator and Mrs. Kefauver didn't know about their daughter's hospitality until one of the mothers called up and asked what her little girl was supposed to wear in the parade. Whereupon Mrs. Kefauver asked Eleanor about it.

Eleanor explained that since the Tennessee float depicted a garden scene there was no reason why a crowd of little girls shouldn't be seen in the garden. Furthermore, added Eleanor: "All the girls in my class have some connection with Tennessee."

"Why what about Evelyn Ellender," remonstrated Mrs. Kefauver, "she comes from South America."

"Yes, but she had to come through Tennessee to get to Washington."

In the end, Eleanor was overruled. She herself will ride on the Tennesee float, along with one little girl from every Tennessee congressman's family. But her schoolmates were ruled out, and Mrs. Kefauver has been busy calling up their mothers to explain. She doesn't know exactly how many people Eleanor has invited; so she is still worried for fear some of them may turn up at parade time.

'Decorum' Is the Word

By INEZ ROBB

WASHINGTON —High minded Democrats will kindly thank loose living citizens not to come to Washington at this time, get crocked and give the inauguration a bad name.

No effort is being spared by the Democrats to see that celebrants have a good time within reason during their visit at the gala festivities.

With this emphasis on dignity, it is fairly obvious by now that any parties who look too long upon the wine while red and start shooting up the chandeliers are definitely not wanted in Washington this week.

You can tell the registered Democrats by their Lord Fauntleroy look and their Chesterfieldian airs.

However, some Democrats are muttering "Just how dignified can you get, question mark."

This has reference to the fact that there will be no stick or authority in the punch served at the Inaugural ball Thursday night. Fruit juice, making up in vitamins what it lacks in vigor, will be the only approved beverage at the ball.

"Nothing will be served in bottles" the committee loftily announced. This includes soft drinks, even that peddled by James A. Farley, a prominent Democrat who will occupy a box at the ball.

Any man caught entering the District National Guard armory, where the ball will be held, with a resurrected prohibition hip-flask will be written off as a cad and his name stricken from the party lists.

And if anyone gets gay on punch, he will be given the bum's rush. The committee is dead set on decorum.

In addition to the fruit punch, with its tantalizing locked-in goodness, guests will also be served small cakes and finger sandwiches. Since there are 5,300 guests, paid up and accounted for, this will make a right smart passel of sandwiches and small cakes.

Protocol, on which official Washington spends more time and tears than world affairs, has been given a good, swift kick in the interest of democracy at the Inaugural Ball.

* * *

Will Be Endurance Test.

THE DICTATES of Lady Luck rather than the "pewholders" official standing in the community will determine which box holders will occupy that box at the ball.

Naturally, every one wants to occupy the boxes closest to those of President and Mrs. Truman and to Vice President Alben Barkley and his party.

Ordinarily protocol would settle this problem with members of the cabinet, diplomatic corps and supreme court seated closest to the throne.

However, the Inaugural Ball committee decided to chuck the names of all boxholders into a hat, shake 'em up and draw 'em out, with the first name getting the box nearest the throne. The second name drawn gets the No. 2 box, and so on down the line.

The inaugural gala at the National Guard armory tomorrow night will be almost as dazzling as the Inaugural Ball. The President and his family will attend this clambake, too. But Mr. Truman must be prepared to share the spotlight with such national institutions as Lum 'n Abner and Margaret O'Brien.

The list of stars for the show reads like those benefit theatrical performances in Madison Square Garden that begin at 9 p. m. and go on, on and on through the night until some one mercifully shoots the piano-player around 4 a. m.

The President, as the nation knows, never says "Uncle." But he'll need his strength tomorrow night to sit through a show that promises to be super-excellent but as long as "Forever Amber."

Even the society for the preservation of barbershop quartet singing will be represented by its Washington, D. C. chapter.

But the quartet will have to do it the hard way. No tonsil oil, no nothing allowed as a warm-up under these strict rules the Democratic committees have laid down for making friends and influencing future voters during the inauguration.

Even a whiff of hair tonic on its breath, and out the quartet goes before it even starts the first verse of "Little Brown Jug."

One Man's Opinion

—By WALTER KIERNAN

WASHINGTON is a little vexed with Eva Peron's timing. . . . She was not expected to send clothing for the District's needy children during our most lavish inauguration.

* * *

And the state department is amazed at the Argentine gift. . . . We hadn't sent them anything in 10 years except sharp notes and Spruille Braden.

* * *

Of course a little resentment attaches to the needy children. . . . they have no right to be needy at home when there are so many people abroad to be aided.

* * *

But assistance is beginning to work two ways now. . . . France is sending up a trainload of gifts and African tribesmen have gotten up a little fund to convert Chicago to Christianity.

Anyway when the inauguration is out of the way we can get back to celebrating National Thrift Week which arrived too late to influence the national budget.

Better Farm Methods

By CALVIN A. BYERS

LAST WEEK I saw an item in the Houston Texas Chronicle that seems to me of huge interest and import to intelligent farmers, and others. The Texas Academy of Science is going to try to coordinate all efforts of Texas scientists toward one goal—better soil and production of better quality food.

Such an idea is news. It means teamwork, instead of just individual research. It means physicists, chemists, biologists, home economists and other scientists will keep posted about each other's findings through a journal to which all may contribute.

Dust is blowing in parts of Texas again this year. The number of acres farmed in 1948 was larger than ever, and the yield per acre less than formerly. Over much of the state, water is the lack that limits the growth of crops.

"Texans learn the hard way," says Waters S. Davis, jr., in The Land, Autumn, 1948. "Too few of us Texans understand that 95 per cent of the elements needed for plant growth come from the air and the other five percent from soil that has at least 36 different minerals.

"Big jackrabbits are the pride of our picture postcard makers, but those same rabbits have already spread and fertilized mountain cedar seed over several million acres that were once solid in grass. . . . brushy pastures don't pay. Grass, like man, is struggling to survive in a highly competitive world. There are a few wise Texans planting seeds of good grasses and using, not abusing, their pastures. They are the ones who understand that the important thing is to produce the most pounds of beef to the acre, and that overgrazing results in low production."

Texas isn't the only place where pastures are lost by over-grazing. Too often a pasture is just an accidental accumulation of wild grasses. Too many farmers, in our locality, pasture woodlots and eventually the hillier fields wash into gullies.

Our own Richland county, Ohio, might learn from the example of Texas Academy of Science. We have voted just recently to establish a soil conservancy district here. We are among the last counties of our state to take this step. To improve the soil and produce better food would seem like a goal of first importance for every state in the Union, for every Grange, for every science group as well as farm bureau and chamber of commerce.

Pastor Calls For 'Tougher' World Peace Organization

A plea that the United Nations charter be revised and rewritten as a constitution for a federated world government was sounded yesterday by Rev Walter L Showalter of Oakfield N Y

The former Mansfield clergyman made the appeal for world unity based on democratic principles before the weekly meeting of the Rotary club at the Mansfield-Leland hotel

Revision of the U N charter is possible by the terms written into the charter itself, he asserted. He likened the 58 sovereign nations comprising the membership of U. N. to the 13 American colonies, and proposed a parallel foundation of federal government.

Pointing to the threats to world security stemming from the recent victories of Chinese Communist armies and the Dutch invasion of Indonesia, Rev Showalter held that U N in its present form is powerless to act

"U N is inadequate to cope with problems of the world of the present because its power is based on voluntary moral agreement The world is not ready to operate like a Sunday-school class," he said

Sharply criticizing U N for what he called its "undemocratic principles of representation," he asked his audience how proponents of American democracy could reconcile the principle of the veto to the five major powers, and still believe in equality of all men at the ballot box

Admitting that the efforts of U N. were not all in vain, Rev Showalter cited the accomplishments of the organization's subcommittees, and lauded the international bill of rights recently adopted by the General Assembly

He asserted peace was impossible as long as nations continue to reckon in terms of "zones of influence." As a result of diplomatic efforts to divide the zones, the world was dangerously divided, the speaker said

"The battle between democracy and communism is in sharp focus in every community in the world The world will be dominated by revolution based on collectivism as advocated by Karl Marx or by the concepts of friendship, Christianity, and the dignity of the individual

The speaker spent four years in Mansfield as pastor of the Lincoln Heights Church of the Brethren from 1939 to 1943 He now is pastor of the First Presbyterian church in Oakfield, N Y Rev Showalter was introduced by Richard Shaw.

ANNOUNCEMENT MADE OF RECENT NUPTIAL VOWS

Miss Kinney Exchanges Vows With Vernon Rinehart Jr. In Knoxville, Tenn.

MANSFIELD friends of Miss Phyllis Marie Kinney, who for the past year has been associated with the nursing staff at Mansfield General hospital, have learned of her recent marriage to Vernon Rinehart jr., of Knoxville, Tenn.

Mrs. Rinehart, daughter of Mr. and Mrs. Fred Kinney of Middlesburg, O., exchanged vows with Mr. Rinehart, the son of Mrs Vernon Rinehart sr., in a ceremony performed by Rev. McDonough in the Church Street Methodist church in Knoxville, Saturday, Dec. 18, at 7.30 p. m.

For her wedding the bride wore a grey suit with pink and black accessories and a shoulder corsage of pink rosebuds. Miss Grace Rinehart of Knoxville, sister of the bridegroom, wore a beige suit with brown accessories and white carnations.

Mrs Rinehart is a graduate of Middlesburg high school and White Cross hospital School of Nursing in Columbus, while Mr. Rinehart, a World War 11 veteran, is a student in the electrical engineering college of the University of Tennessee in Knoxville They are at home at 135 Fay street, Knoxville.

Those elected to serve with her are Mrs Stanley Bosko, vice president; Miss Lillian Heffelfinger, second vice president; Miss Virginia Reed, secretary; Mrs. Gail Rife, treasurer; Mrs Harold Doolittle, Mrs. Eleanor Flenner, Mrs Clarence Ayers and Miss Mary Farrell, trustees. The next meeting will be Feb 14 at the Nurses' Home with the program announced later

Guests Attend Initiation Here

Guests were present from Cleveland, Wooster, Toledo, Perrysburg, Seville, North Fairfield and Massillon, as well as from a number of chapters in the district when Ruth chapter No 17, OES, met on Monday evening at the Masonic Temple. An initiation service was held and presided over by Mrs. John Roman, Worthy Matron.

The school of instruction for District No 10 will be held at Upper Sandusky on January 26th. Reservations should be made by January 19th. Tentative plans are being made for the annual inspection of the chapter, which will be held on March 21st, with Mrs Della Dolby, worthy grand matron as inspecting officer

The next regular meeting will be on Feb. 7th at 7:30 followed by a program and refreshments, supervised by the men, with C. M. Hunter as chairman and Walter Burrier, as co-chairman.

Sorosis Club Given Paper On Cities

Members of the Mansfield Sorosis club heard an interesting paper on "Some Rival Cities" by Mrs W. R. King, when they met at the Women's club Tuesday night.

The paper was devoted to comparisons between the twin cities, Minneapolis and St. Paul Minn., and Mrs. King told of the various methods employed by both cities to promote their growth. She described Minneapolis as having a larger population than St. Paul, although the latter city has more outstanding features, and is a railroad center. The climate, she said, is the same, and varies from a low of 38 degrees below zero in winter to a record high of 108 degrees, and both are noted for their winter sports programs.

The peoples of Minneapolis, Mrs. King said, are of Scandinavian descent, while the St. Paul population is made up of Irish and German descendants. She described Minneapolis as the more cultural of the two cities, with outstanding art galleries and a highly-renowned symphony orchestra.

St. Paul she described as the "Boston of the West", with its crooked streets, patterned along the same designs as those in Boston. She also told of the many flour mills located in both cities.

Mrs. S. D. Hoover was hostess for the meeting, with Mrs. LeRoy McGinty, president, conducting the business session. The musical portion of the program was in charge of Mrs H D Bishop, when a trio composed of Richard Eliot, violinist, Richard Bishop, celloist, and Mrs Bishop, pianist, played a group of three numbers, "Serenade" by Toselli; "Adagio Sostenuto", from Beethoven's "Moonlight Sonata", and "Minuet In A" by Bocherini.

The next meeting, Feb. 1, will be at 7 30 p.m. at the Women's club, with Mrs. Milo Hieber as hostess

Vogel, financial secretary, Mrs. Joseph Pilot, recording secretary, Mrs Thomas Dillon, three year trustee; Mrs. R C Straub, two year trustee, Mrs Joseph Seibert, one year trustee; Mrs Vincent Montgomery, monitor, and Mrs. Herbert Dillon, inner guard

Following the ritual a social hour was held and refreshments served The next meeting will be a social on Feb. 1 at the K. of C. home in charge of Mrs. Herbert Dillon.

Picture of you as a dream girl! For this wonderful year when going dancing means going all glamorous. Marian Martin has designed this evening dress. A portrait neckline, a high-rising Empire waistline, a big dramatic skirt are the chief endearing young charms about this. There's a typical Marian Martin touch at back—a demure little bow with long streamers that fall right from your neckline to your hem. Speaking of hems, this wonder-pattern can be long, ballet-length, or theater length, so it fits any Great Occasion you have in mind. This is simplest sewing like all Marian Martin patterns Each one comes with complete illustrated instructions If this is your first attempt at Serious Sewing, take this pattern and your fabric to the nearest sewing center for advice and help Marian Martin Junior Miss Pattern 9143 comes in sizes 11 to 17 Size 13 takes six yards 39-inch fabric. Send twenty-five cents in coins for this pattern to Mansfield News-Journal Pattern Dept., 232 West 18th street, New York 11, N. Y. Please print plainly your name, address with zone, size and style number.

Guilds Entertained With Program and Luncheons

THE HOME of Mrs. Samuel U. J. Peard, Bowman street, was the scene of the luncheon meeting for members of the Bexley Guild of the Grace Episcopal church. Associate hostesses were Mrs. J. B. Moore, Mrs. W. C. Leonard, Mrs. Edward Smith and Mrs. W Ross Arbuckle.

and Mrs. Joseph Mayner of Ashland, were in attendance Two new members, Mrs. F. E. Bennett and Mrs. W. J. Summerville, were welcomed into the guild.

When luncheon was served to the 32 present Mrs. J. C. Gorman poured. A brief business session was in charge of Mrs. W. E. Morrissey.

Plans were made for the Guild to sponsor a social on Feb. 18 at the church This will be open to the public. Discussion of the study book was held.

* * *

Mrs. B. L. Chase furnished the program for the regular meeting of the Rachel France Guild of the First Presbyterian church in the church parlors. She used as her topic, "Collector's Luck." Mrs. Columbo Bosca presided for the business session and Miss Bess Wickert conducted devotions.

Hostesses for the occasion were Mrs Jack G. Schmitt, Mrs. S. S Peppard, Mrs. Helen Shaw and Mrs William Kerner. A dessert luncheon was served followed by a social hour The next meeting will be Feb. 14 at the church for a Valentine party.

Linnaeus Garden Club Entertained

Members of the Linnaeus Garden Club were entertained Tuesday afternoon at the Women's Club with Mrs. Fred Dippman as hostess. When luncheon was served the table was centered with an antique dish filled with colorful nosegays of sweetpeas. Later the arrangement was passed and each guest received a nosegay to be worn as a corsage

Mrs. Vale Scouten presided for he business session after which Mrs. H. M. Spandau spoke on "The Japanese Beetle". Mrs. S. E. Taylor, chairman of the herb garden committee, presented diagrams of small sections of the herb garden which the club is constructing on the Shawk grounds, Park avenue west.

These plans were made from a master design, which the club had previously prepared. Members are to make a list of the herbs which they can supply for their sections. The remainder will be purchased. Some planting has already been done.

Mrs. Henry Paulsen spoke on "Catalog Planning for Individual Arrangements". Mrs. A. G. Earnshaw read an anonymous garden verse, taken from "Garden Greetings". Mrs Virgil Hartman, 611 Arlington avenue, will be hostess on Feb 15

Committees Appointed

A business session was held by members of Alpha Pi Sigma sorority Tuesday evening in the YMCA club rooms New committees for the coming year were named. These are as follows: flowers, Mrs Richard Fogle; attendance, Mrs. Raymond Beal; sorority paper, Miss Garnet Karl; auditing, Mrs. Robert Miller and Mrs. Raymond Beal; sales tax, Mrs. William Uhde; investigating, Mrs. Robert Moore and Mrs. Paul Carbetta.

Mrs Margery Huffman won the sales tax prize for the past year. Plans were made to hold a pal party on Feb. 1 with Mrs. Harvey Hauserman and Mrs. John Imler in charge. This will be a covered dish dinner in the clubrooms.

Variety Show to Be Organized

Lucas — The Lucas Mothers Club will sponsor a "variety show" this year instead of the community minstrel that annually attracts several hundred people.

Harold McCune, well known Mansfield actor and director, will be in charge of the production that heretofore has had local supervision. Mrs. Charles Flenner and Mrs. Ted Moffett have been co-directors for the past two years.

McCune has issued a call for all persons interested in any phase of the coming show to meet at the school at 7:30 p. m. Thursday, January 20 with a view to perfecting the organization and scheduling subsequent rehearsal sessions. The show will be presented in the Lucas school March 10 and 11.

MEET THURSDAY

Members of the Happi-Tyme club will hold an all day meeting Thursday at the home of Mrs. Harold Nussbaum, Route 314, south of Ontario.

OHIO MAN LOST 28 LBS. WIFE LOSES 32 LBS.

Willoughby Couple Praise Rennel

"I believe in giving credit where credit belongs, and that is to Rennel," writes Mr. L. Erdman, 36 Parkway Drive, Willoughby, Ohio. "Before taking Rennel my wife and I had tried a number of weight reducing preparations with little or no results. We looked like a couple of 'Shmoos'. However, with Rennel my wife has lost 32 lbs. and I have lost 28. The best part of all is that we did not have to starve ourselves"

Imagine, eat plenty and lose weight with this simple yet effective amazing home recipe. After purchasing a bottle of Rennel from your druggist pour the contents into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonsful twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Don't be switched to another product, insist on and be sure to get the genuine Rennel. —Adv.

Nuptial Vows Read Jan. 7

ST. JOHN'S Evangelical and Reformed church was the scene of the wedding of Marjorie L. Szombatfalry and Walter E. Radcliff January 7 at 7 p. m. The Rev. John C. Melchert officiated for the single ring ceremony.

The bride is the daughter of Mr. and Mrs. Dan Reiter, 237 Rhein avenue, and Mr. Radcliffe, who has been residing at 572 Bowman street, is the son of Mr. and Mrs. Sam Radcliffe, 419 Third street, Portsmouth, Ohio.

A brown suit with winter white accessories were chosen for the bride's costume. She wore a pink and yellow rosebud corsage.

Pauline A. Wisecup, a friend, served as her only attendant. She wore a green suit with brown accessories. Her corsage was of pink and white carnations.

Lowell Lee O'Down, friend of the couple, was the best man.

Immediately following the ceremony the newlyweds left for a trip to Tampa, Florida. Upon their return they will reside at 106 West Fourth street.

Mrs. Radcliffe graduated from Mansfield Senior high school and Mansfield Business school. Mr. Radcliffe is a graduate of Portsmouth high school and is employed at the steel mill.

MISS WOLCOTT SPEAKER

Miss Grace G. Wolcott was the speaker at the recent meeting of the Round Table club at the Women's Club. Her interesting subject was "The Seed Packet Story." The business meeting was conducted by Miss Katharine Bricker, president.

Muir's Greatest Sale

GREATEST Old-Fashioned Bargain Carnival, Past, Present or Future!
GREATEST Values Ever Offered Anywhere, Anytime, by Anyone!
GREATEST Savings In Town! No Ifs, ands or Buts!

Buy 1 Item at Regular Price; Add 1c and Get 2nd Identical Item!

That's right, that's what we mean . . . buy one item from us at the regular manufacturer's price (as shown on the label), and for just 1c extra, Muir's give you another item of the same size, price and quality. For example, let's suppose you purchase a Flashlight Battery at 10c; for just 1c extra, you receive a second identical Battery; of two of them for just 11c. Sounds utterly fantastic, doesn't it? Well it is! But, then we're fantastic merchants. From the time we first went into business in 1922, Muir's have been the outstanding cut-rate druggists in the country. We've operated on the strict principle of low overhead so that our customers can realize greater savings on every purchase, not just on sales, but every day. Muir's 1c Sale has been the talk of the trade from Maine to California; from Michigan to Florida. People ask "how do you do it?" Again we say our policy of low overhead allows us to cut our cost of operation which means that we can afford to sell to you at lower prices; that's why we can give you such a fantastic sale as Muir's 1c Sale, our Greatest Sale, your greatest savings event!

Bible Contest Boosts Church Attendance-

Guessing Game Pays Off for Pastor

BOWERSVILLE—(U.P.)—Young Rev. Paul Neal has a give-away plan that's helping to boost his church's attendance.

When bad weather threatened to cut his already small flock in the Church of Christ to a mere handful, the 23-year-oid minister offered New Testaments as prizes to anyone who could guess "the word" in a special game which he conducted before delivering his weekly sermon.

The subject of a sermon was announced a week in advance. For instance, "What is the worst word in the Bible." The answer, "Sin." Another one, "What is the word that never returns." The answer to that one was "Now."

Rev. Neal, his parishioners, and many of the non-church-going citizens of this 400-soul community discussed the clue all week and just before the sermon Sunday morning, the ushers collected the slips along with the regular collection.

HAD HIM WORRIED

The young minister said the first time he was "rather surprised" because four of his congregation guessed the right word and he was "afraid I would have to declare bankruptcy since the money came out of my own pocket." The Bibles cost him 75 cents each.

But thereafter, he said, though there were many answers handed in, there never was more than one winner and four times there were no winners. Once, Mayor Dan Ford won.

Rev. Neal said he didn't like to send all his parishioners home empty-handed, however, and he usually gave clues if not one guessed the first time, until someone did.

With the word game and similar up-to-date programs, Rev. Neal has increased his congregation in the three years he has been at the helm of the non-denominational church from about 40 members to 141, which is almost saturation considering the size of Bowersville.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 33¢ at any druggists.

America Was Shoved Into Role Of World Leader and Policeman

THE UNITED STATES has taken the place of the old British empire as leader and, unavoidably, cop of the world. This may never have been the conscious ambition of our people but we always have pushed toward the position in which we suddenly find ourselves.

We are unprepared and lack the temperament for empire and for these and other reasons the chances are good that we will dissipate our material treasure, bankrupt our economy and go to pieces.

The British are sad in this change of status and it will not cheer them to say that the Americans will have to take the initiative and the abuse from now on.

They are living in real poverty after fighting a good war and winning as usual but they are consuming their capital and some Englishmen, of the best, the kind who fought best, wrought best and maintained the English principles, are sneaking out such wealth as they can and seeking citizenship elsewhere — but not in Europe.

England never will enjoy again the comfort of the days before August 1914 which were happy days in Europe. The money was good. There was plenty of good food and the standards of life were higher in all respects than they have been since. Americans in those days ridiculed the Germans and the British for their subjection to royalty but we were ignorant and stupid.

Life under the Kaiser with plenty of beer, sausage and music and warmth, love and family was better than life in famine and under the rule of mobs howling up democracy. We were mistaken about the French republic because it spat on kings. We didn't know what horrors flowed in her bloodstream. We know now.

We always did like to throw our money around to show we had it. The Europeans thought this was pretty coarse but at any rate we never counted our change and often didn't even wait for it.

So we got a reputation as millionaires and when the first world war came along we paid for much more than our share of the party.

It has been said that Britain showed a profit but that is silly. She never came back. Not only were her best boys dead but she was shaken morally and economically. She got such a beating in winning that she was, as you might say, punchy thereafter.

In some ways, Britain is relieved of troubles, burdens and worries by our clumsy arrival in the boss's office.

The British made a business of empire and drew profits in businesslike way. We abhor empire and actually were to blame for the dissolution of the British empire with our big talk about "democracy".

We are in debt so deep we can't see out. We have inflation. We have for President an ignorant, ordinary fellow with a malicious streak who happened to get elected by a mess of circumstances in a time that calls for great wisdom and consecrated patriotism.

When we might have shown some dignity, power and moral leadership a conceited man went flapping off to Cairo, Teheran and Yalta to smirk in the pictures wearing an admiral's cape that he wasn't entitled to, always calling on Stalin, never making Stalin come to him.

Johnny get your gun.

Henry Luce's Magazines Suffer As Result of Irishmen's Boycott

THE IRISH in the 48 states have responded (almost to a man) to the Corkmen Assn's request to boycott Henry Luce magazines (Time-Life-Fortune) over "insults" to the Irish people. . . . Not only are newsstand sales off but Time and Life adverts are away off, too. . . . In the official report (for 1948's last six months) Time lost 17.3 pages of ads; Life ended with a loss of 125.4 pages, and Collier's drop was the greatest, 268.4 pages (of ads) off. . . . These facts have ad agencies worried sick—and mag staffers jibbering.

Midtowners say Nancy Oakes offered DeMarigny $95,000 for a divorce and he turned her down. Hard to believe, since he's reported broke and jobless. What's this about him doing a gossip col'm for an Italian paper here? How the mighty have fallen...

Cosmopolitan mag for March will publish Gene Fowler's biog of Mayor James J. Walker . . The L. Gowards (he's the Wall Streeter and she's the mag writer, Nanette Kutner) have parted . . . There's a Lamp Show at the New Yorker Hotel this week. Make-You-Very-Ilse Kock being conspicuous by her absence.

Am sure such decision does not reflect the feeling of right-thinking Texans and we bow our heads in shame while Joe Stalin dances with glee.—Please, Mr. New York Correspondent, report this for us.—J. E. Johnson jr."

The Ink Spots and Blue Barron are tiffing (like nances) over who will feature "You Were Only Fooling" at the Capitol Thursday. Both popularized it. (I'd rather hear the Inkx) . . . Sherman Fairchild (is he still living?) and lovely June Bright (of the mag covers and shows) are brightening up the Penthouse with their very special glow . That quiet man (who dines often) in the 2nd story of the Automat (bet. 46th and 47th on B'way) is Alger Hiss. Nobody recognizes him except the colyum's Own Special Automat Correspondent.

Who starts that hokum about feuds between stars? Sonja Henie gifted Barbara Ann Scott with a huge tree of white tulips at the Roxy . . . No feudin', no nuttin'. Just Good Skates (ouch).

8 Elected To Posts As YW Trustees

Results Announced At Annual Dinner

Election of eight members to the YWCA board of trustees was announced last night to 150 members of the YW at their annual dinner meeting at the First Presbyterian church.

Re-elected to the board for three years were Miss Betty J. Blackstone, Mrs. Robert F. Horn, and Mrs. Maurice Lybarger.

Newly-elected members of the board, to serve three-year terms, are Mrs. Lowell Bourns, Mrs. A. LeMoine Derr, Miss Janet Kelly, Mrs. Harry L. Mahoney, and Mrs. George H. Smith.

Mrs. Harold Williams, chairman of this year's nominating committee, also announced the nominating committee for next year. Elected to the committee were: Mrs. Harold Neese and Mrs. Orlo L. Smith from the board of trustees; Mrs. S. B. Beauford and Mrs. George Harmony, from membership at large; and Miss Rhea Ohl, from employed girls.

Dr. Glenn L. Clayton, president of Ashland college, addressed the group on the subject of "Unafraid." He explained that to stop being afraid, we must give some service, have a purpose in life, and have faith. He emphasized "faith," saying, "We must have faith in ourselves, faith in our fellow man and faith in God."

DELEGATES NAMED

Mrs. Howard Fox, chairman of the committee for raising convention funds, presented the delegates and alternates nominated to attend the YWCA convention in San Francisco this spring. All the nominated delegates and alternates were approved by the members.

Scheduled to attend the convention are Miss Betty J. Blackstone, Miss Rhea Ohl, Miss Agnes Kessler, and Mrs. Lionel Smaltz. Alternates are Mrs. P. M. Wragg, Mrs. Harold Neese, and Mrs. Earl Kochheiser.

An amendment to the organization's constitution, "to increase the advisory committee from the present five members, to seven members, was approved by the group. The advisory committee's duty is to advise the board of trustees upon all financial investments, and it is composed of both men and women.

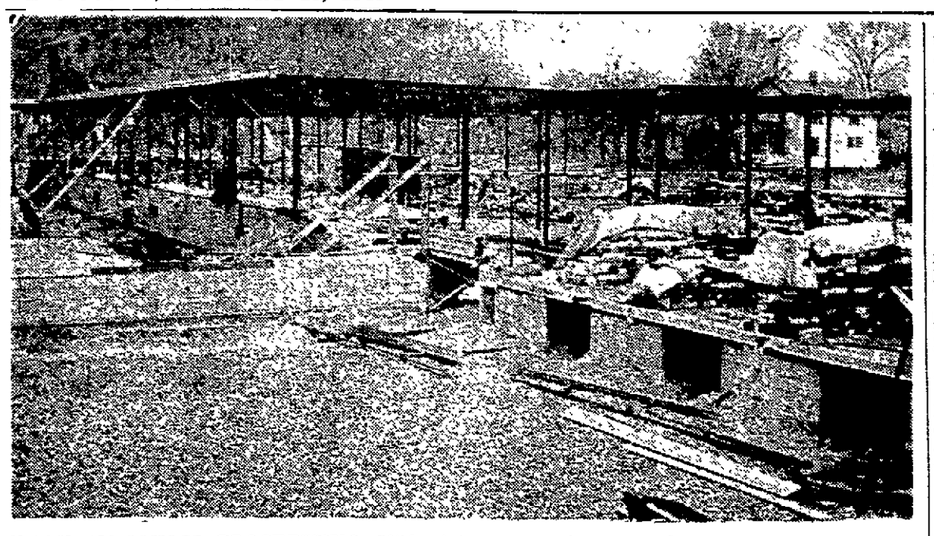
Miss Kessler, executive director of the YW, cited the growth of the organization here, from beginning of the association in 1920. She then pointed out that the club still lacks certain facilities such as swimming and gymnasium programs.

Her announcement of the new "Ladies' Day Out" program, which includes swimming at the YMCA, illustrated the type of outside feature she desires for the organization, she said.

3 Drivers Fined In Municipal Court

Three speeders were fined a total of $35 and costs in Municipal court today.

Jesse E. Newbury, Mansfield, R. D. 2, paid $15 and costs, and Clarence Oyster, of Bellville, and Melvin Vanasdale, 124 East Second street, paid $10 and costs.



WORK ON SCHOOL PROGRESSING—Mild winter weather has spurred construction work on the $350,000 Newman elementary school building. Located on Central avenue near Grace street, the partly-constructed 14-room building is shown here. Work was started last May by Friebel and Hartman, of Shelby, general contractors.

Jail Term Suspended

Mansfielder Told To Obtain Job

Rex Lemoyne Arnold, 170 South Diamond street yesterday was sentenced to one year in the Columbus workhouse for contributing to the delinquency of a minor. Juvenile Judge Stuart H. Cramer imposed sentence and then suspended it on condition Arnold gets a job and pays court costs.

Arnold pleaded guilty to the charge. Evidence was presented to prove he had been guilty of indecent exposure before a 13-year-old girl in a Mansfield theater last Oct. 31. He is required to report to the juvenile court office weekly during the period of suspension.

Daniel Hutchinson, 748 South Diamond street, received a 90-day suspended sentence for non-support. He was found guilty of failure to provide for the support of his two children, one two years old, the other five months.

Two sisters, 15 and 16 years old, were ordered by juvenile court to attend school regularly. Charged with habitual truancy, the girls admitted having been absent from school since Nov. 29. School authorities were instructed to keep the court informed of any violation of the agreement.

Meet On Farm Plan

Three representatives of the Richland County Triple-A office attended a Triple-A district meeting at Ashland county courthouse yesterday.

Representatives from 14 counties met to discuss changes in administrative forms and procedures. Among the 45 persons representing District 2 were Guy Taylor, chairman of the county AAA committee; Raymond K. Landis, vice chairman, and Mrs. Lois Petrovic, secretary-treasurer.

It was decided to revise the expense forms and purchase orders used in the Agricultural Adjustment Administration, District 2.

The district is comprised of Ashland, Crawford, Erie, Holmes, Huron, Lorain, Marion, Morrow, Ottawa, Richland, Sandusky, Seneca, Wayne, and Wyandot counties.

Balks At Pay Boost

Congressman J. Harry McGregor, of the 17th district, voted against increasing the President's salary, making inauguration tickets tax-free and the measure which would give federal employes a four-day holiday during the inauguration festivities.

They were the first three pieces of legislation to come before the 81st Congress in Washington. He termed the bills "class legislation."

All three bills were approved by the House of Representatives, but the bill making the inauguration tickets tax free was defeated in the Senate.

In arguing against the tax-free tickets, McGregor said such legislation would exempt from taxation those individuals who could afford to come to Washington and pay an exhorbitant rate for hotels.

He opposed the additional $40,000 tax-free expense account for the President on the basis that the President does not have to account for the spending of the money.

McGregor contended the four-day holiday for federal employes would cost several million dollars.

Ohio Flier Killed

LOUISVILLE, Ky. —(U.P.)— Second Lt. Carl W. Lortz, Columbus, was killed yesterday when his Mustang fighter plane crashed into a home near Standiford field. Control tower personnel said the P-51 apparently came in too low for a landing, and was banked into the home of Jack Roberts, north of the field.

'Arm-Chair' Gardens Beginning to Sprout

By VIRGIL A. STANFIELD

The "arm-chair" gardeners are busy again.

Supplied with brightly-colored seed catalogs, Mansfield gardeners are looking far beyond the blizzards and zero cold to plan their bean patches and lettuce beds.

The new seed books appeared earlier than usual. Before long, Mansfield florists and hardware dealers will set up their seed display cases, and tomato and flower seedlings will sprout in greenhouses.

Gardeners will find slightly higher prices aand some new ideas in their 1949 seed catalogs. The seed dealers are offering everything from a seven-cent packet of radish seed to a packet of 100 double petunia seeds for $2. The costly petunias were named for Mrs. Dwight Eisenhower.

The day of five-cent seeds is about over. Few dealers offer any varieties under 10 cents, and there's a new radish that sells for 25 cents a packet.

At least two firms are advertising seeds that have been pelletized or coated with chemicals and hormones. The chemicals help prevent fungus diseases and the hormones stimulate growth of the tiny plants. The seeds are larger and easier to plant, the dealers say.

HYBRID ONION NOW

The list of hybrid vegetables is growing. There's a hybrid onion now. It's described as having a stronger constitution but less bite.

Many seed houses already had hybrid sweetcorn, cucumbers, tomatoes, squashes, watermelons and egg plant.

The hybrids, which have come to the front rapidly in recent years, are popular with gardeners because of their productiveness and vigor and uniformity of the crops.

Seven new varieties of vegetables and three new flowers are being introduced this year by seed dealers. The new vegetables and flowers were chosen by the All-America Selection committee after tests in experimental gardens proved their worth.

The 1949 vegetable introductions are the Cherry Belle radish, an importation from Holland; Caserta summer squash, Triumph bush lima bean, Premier Great Lakes lettuce, Pennlake head lettuce, Ideal Snowball cauliflower and Flagship hybrid sweetcorn.

Offered to gardeners as new and improved flowers are the Silver Medal petunia, Indian Summer hollyhock and Blue Star morning glory.

The new varieties sell for higher prices the first year or two and then drop in price as more seed becomes available.

City Lets 14 Contracts

The City Board of Control yesterday awarded 14 contracts for supplying the city with various types of materials and equipment.

The following companies were given contracts: Fabric Fire Hose company of Sandy Hook, Conn., for fire hose; Diamond Alkali company of Cleveland, for chlorine; Hughes Supply company, Mansfield, water meters; International Salt company, Scranton, Pa., salt; Stewart Brothers Paint company, Mansfield, street paint; Micro-Flex company of Wichita, Kans., street signs.

R. O. Darling company of Mansfield, construction equipment and slag; Mansfield Asphalt Paving company, street materials; H. W. Fleck company of Mansfield, gravel; Concrete Pipe company of Ohio, Cleveland, sewer pipe; Republic Steel corporation, Cleveland, corrugated culvert pipe; Ready-Mix Concrete company, Mansfield, concrete; and Voegele Bros., Mansfield, coal.

Hit-Skipper Admits Guilt

WILLARD — Justice moved swiftly here today after police apprehended the driver of a hit-skip accident vehicle which last night resulted in serious injuries to a woman pedestrian. He plead guilty to two charges when given a preliminary hearing today before Mayor Ray A. Snook.

Police identified the driver of the pick-up delivery truck as Harry Douglass, 69, of 722 Dale avenue, and the victim as Mrs. W. H. Harwood, 54, of 520 Myrtle avenue. She is in Municipal hospital with a fractured pelvis.

According to witnesses, Mrs. Harwood was tossed into the air, one shoe being found 150 feet away from the accident scene in front of her home. Douglass was fined $100 and costs when he pleaded guilty to driving while under the influence of intoxicating liquor and is being held under $5,000 bond for admittedly leaving the scene of an accident. He was bound over to the grand jury. Douglass, police say, also admitted driving without lights.

Entitled "The Forgotten Acrobatics of the Arena," iit is his first venture into the field of writing. Kattenberg's hobby is acrobatics. He has a large collection of autographed photos of performers and a number of programs and costumes.

HOUSING TROUBLES—

Paradoxical as it may sound, the office of the housing expediter is looking for housing. Recently a representative of the Cleveland office came to Mansfield to find new quarters for the local office, and spent a day and a half on a fruitless quest. No suitable offices have yet been found although George W. Blecker, area rent director, said he is still looking. Replastering of one of the rooms of the South Main street offices was recently completed after part of the old plaster fell from the ceiling.

BURGLAR SCARES—

City police early today were investigating a number of "breakings and enterings" that turned out to be nothing more than the wind. The high wind that swept through the city opened loosely-secured doors. As the doors swung in the wind, the glass in some of them broke and police investigated each such case to make sure it was not a burglary.

Men's Chorus Celebrates After Concerts

By NITA BRANSON

The Mastersingers wound up their annual mid-winter series of concerts in a round of laughter and fun at the Sky club last night with Charles Milton Newcomb, nationally-known humorist and lecturer, as the guest speaker.

Chorus members, their wives and guests made up a party of 149 who gathered for a buffet supper, to watch a few stunts and to hear Newcomb, who had appeared once before at the Mastersingers after-concert party.

There are five things, Newcomb said, which make people afraid. He listed them as accident or disease, loss of personal possessions, displeasure of the group, failure and fear of the unknown.

He said the antidotes for fear are knowledge, faith and courage.

"Every human problem has a solution," he said. "But you must look in the right place for your answer. Heaven is within. The answer to all your problems are within yourselves. The man who has a consciousness of God knows no fear."

Howard N. Reilly, a member of the chorus, was master of ceremonies and introduced officers of the group and the guests. H. E. Young, who had charge of ticket sales, received a prize for selling 150 tickets, the most by any chorus member. He headed a list of J. C. Klinger, who sold 76; Ralph Juniper, who sold 70; Frank Daniels, 54, and H. D. Bishop and Kenneth Dirlam, each 44 tickets. All received prizes.

Frank Guerrara, guest artist, who appeared with the Mastersingers at concerts Monday and Tuesday nights, was at the party for about an hour, but left later for New York, where tomorrow he will take the role of "Escamillo" in the Metropolitan Opera production of "Carmen." Next week Guerrara sings in "Aida."

Education Program Set Up

Leaders Hear of Work In Ohio

Mansfield and Richland county leaders were enlisted today in the Ohio Action Plan to stop fires.

The story of the plan to combat fires by forming "shock troops" to promote an educational program was outlined at a meeting in Mansfield last night by Norman A. Imrie, Columbus, representing the Ohio Fire Safety committee.

At the conclusion of his talk, 14 residents of the county agreed to serve on county fire-prevention committee.

Harry W. Dailey, of the C. of C. fire safety committee, presided at the meeting in the Chamber of Commerce rooms.

Imrie emphasized that the Ohio Action plan, which is a year old and has attracted nation-wide attention, is aimed at a "program of enlightenment."

Among the ideas he stressed were the teaching of fire prevention, trying to kindle in careless people a sense of social responsibility, to getting people to talk about fire hazards that surround them.

He said the program calls for year-round activity instead of "a one-week campaign in October."

The idea began, Imrie said, when President Truman called fire prevention authorities to Washington in 1947 to "do something about mounting losses." The president asked the authorities to set up state fire safety committees and Ohio, Imrie said, was the first state to set up such a committee.

DEATH EVERY 50 MINUTES

Imrie told the group that every 50 minutes someone in the United States burns to death, and added that four others become disfigured through fires.

"That is an appalling and senseless slaughter. We cannot afford to be complacent about it," he said.

"Nine out of every 10 fires," the speaker continued, are preventable as they result from faulty human behavior."

Principal causes of fires, he said, are faulty and careless smoking habits, faulty heating units and faulty electrical equipment. He stressed that many casualties result from throwing kerosene on fires.

Imrie said enough pulp wood trees were burned up last year to provide enough newsprint for every daily and weekly newspaper for a full year. A total of 3,000 farm people lost their lives last year in fires, he said.

OUT LINES AIMS

Imrie said the fire committee should supply releases to newspapers, make speakers available for groups, organize a county-wide inspection campaign in the spring and fall;

Arrange for window dislays, sponsor poster or essay c... in the schools, distribute literature through schools, ... ganizations and employers, have theaters show fire prevention films and give adequate recognition to any fireman doing outstanding work in saving life.

Among those who attended and said they would serve on the Richland county committee were Mayor Roy W. Vaughn, Fire Chief L. J. Steele, Carlton Fernyak, president of the Retail Merchants' association, Robert Myers, secretary of the Mansfield Foreman's club, M. H. Myers of the CIO council, Floyd Myers, president of the AFL council, Lee Powell, president of the Mansfield board of underwriters;

Mrs. William Clauss, president of the Business and Professional Womens club; Fred A. Greenwood, of Kiwanis, Rev. W. J. Shawk, representing the Mansfield ministerial association, Edwin C. Fensch, of the Mansfield Board of Education; county Supt. of Schools Boyd Robinson W. C. Leonard, representing the State Industrial commission, and R. Y. Davis, representing Johnny Appleseed junior high school.

The state is divided into 10 districts and Dailey is chairman of District 8, which includes Richland and 10 other counties. W. G. Schultz is co-chariman with Dailey of the district and chairman of the Mansfield Chamber of Commerce fire prevention committee.

Freddies Trample Rams for 15th Straight Win

Madison Crewmen Defeated, 51 to 32

By CHARLEY STINE

FREDERICKTOWN—Fredericktown proved without a doubt that it is a power to be reckoned with in Ohio Class B circles as it swept past Madison's Class A district champs, 51-32, here last night. It was the 15th straight win for the Freddies.

Led by All-Ohio Merle Doyle, who racked the nets for nine field goals and 19 points, the Freddies ran both through and over the Rams. Madison kept pace the first few minutes of the game and outscored Fredericktown in the fourth period, but in between there was little it could do.

The Freddies used no spectacular plays or shots but only speed and good sound basketball in running up their score. Shooting was near perfect although a majority of the field goals were scored from well out on the court.

GETS 9 OF 17

Doyle, the husky forward who is as good on rebounds and defense as he is on offense, connected on nine of 17 tries from the field. Guard Jim Ewers was not far behind with his long shots for 12 points and Center Earl Bechtel did fine work in the pivot while chiming in with 11 points.

Only violation of standard basketball tactics made by the Freddies was the use of long cross-court passes and they made those with such speed and accuracy that their effectiveness could not be questioned.

Madison gave all it had in the first quarter but it proved not to be enough. The Rams scored five points before Fredericktown broke the ice but the Freddies had 18 before Madison was able to get three more.

RAMS GO AHEAD

Ed Chelski looped home one of his patented long shots, then connected on a foul and Ray "Dutch" Bader scored on a pivot play to put the Rams in the van. Ewers counted Fredericktown's first basket from well out, then tied the score a minute later after Doyle rammed in his first goal.

Larry Secrist returned Madison to the lead, 7-5, with a rebound shot but with five minutes of the game gone, Jim Ruggles tied it up and from there it was Katy-bar-the-door for the next two quarters. Fredericktown led 12-7 at the end of the first period and 26-12 at the half.

They built that lead to 47-22 as the fourth quarter opened, but as subs of both teams filled the floor, Madison played its best ball, outscoring the winners, 10-4.

The Madison reserves as well as the varsity had their three-game winning streak broken as they bowed, 40-25.

German Heavy Boxing Champ Invades NYC

NEW YORK — (UP) — Hein Ten Hoff, heavyweight champion of Germany, flew into New York today to campaign for a shot at Joe Louis' world title.

When the tall, handsome, brown-haired German stepped off a plane from Frankfurt at La Guardia field this morning he said he hoped to prove in three or four American fights that he is the No. 1 heavyweight challenger.

Hein, 29, made this explanation through interpreters after he and manager Emil Jung had cleared the customs at the airport. Both live at Hamburg, Germany, which, incidentally was the home town of Max Schmeling, former world champion.

FIRST INVADER

Ten Hoff, the first German athlete to invade the United States since the war, is a rangy, broad-shouldered chap who carries 217 pounds on a six-foot-three frame.

Manager Jung, who though only 38 is also Hein's father-in-law, assured reporters that the big fellow had no preference in opponents.

He said he would permit Lew Burston, head of the 20th Century Club's foreign department, to select the American opponents.

Jung explained that the husband of his 17-year-old daughter, Francisca, fights "like Gene Tunney used to." He uses the upright stance, and is a good combination boxer-puncher, according to Emil.

Since he turned professional in 1945, Ten Hoff had 17 fights, He won 14 by knockouts, two by decisions, and was held to one draw. He won the German title from ancient Walter Neusel on a decision in 1946, and knocked out Neusel in a return bout.

Millersburg 5 Loses, 41-37

MILLERSBURG — Millersburg dropped its second decision in ten starts to a rugged Midvale team here last night, 41-37. Millersburg had won eight straight since losing its opening game.

The home team led until the fourth period when Midvale counted 15 points to Millersburg's nine, to win the game. Millersburg won the reserve game, 41-37.

Lou Picks Boston Red Sox; Thinks Indians Stronger

By OSCAR FRALEY

NEW YORK—(UP)—Bill Veeck, the optimistic owner of the world champion Cleveland Indians, may be claiming the 1949 American league pennant but Shortstop-Manager Lou Boudreau, the man who will have to win it, today gave the nod to the burly Boston Red Sox.

"The Red Sox are stronger because they aren't on the spot and will be able to play without pressure," the standout ball player of the 1948 season explained. "They have tremendous power."

Lou admitted, however, that what he was trying to do was take off his own club the pressure which ruined Red Sox chances last year when they were expected to walk away with the flag.

"I'm satisfied with what we've got," he grinned. "We are stronger after acquiring such players as Mickey Vernon, Early Wynn, Frank Papish and Mike Tresh."

MOST IMPORTANT

Boudreau insisted that Vernon, who hit .353 in 1946 to win the league batting title, was the most important addition.

"Vernon will be playing every day and would help us tremendously if he came out of his slump of the past several seasons," Lou explained. "Wynn will have to prove himself to get past our big four, Steve Gromek, Bob Lemon, Gene Bearden and Bob Feller, and win a starting spot. He might be our fifth or sixth man."

As for Feller, who is building a ranch in Grand Prairie, Tex., Boudreau believes that Rapid Robert will come back and have a better season than last year when he won only 19 and failed to capture several important contests.

NOT BAD YEAR

"He didn't have a bad season," Boudreau said. "Of course, it wasn't what was expected of Feller. But I'm sure he'll win 20 or more this year."

Boudreau admitted that Feller hurt himself with outside commitments last season but now, after his own sensational season, fears he might have some such trouble himself this year.

"I'm writing a book on my life and I suppose there will be auto-graph parties and such, just like Feller had," Lou laughed. "I'm just going to try to profit from Bob's mistakes and make my outside dates on days when we aren't playing ball."

THREE GOOD SEASONS

Boudreau said he expected that he and Second Baseman Joe Gordon, the Indians' double play combine, were good for "at least three more years."

"We can take advantage of our knowledge," he said. "And Vernon's long legs will help Joe out to some extent."

But, he emphasized, they are keenly conscious of those Red Sox they derailed last year.

"The Yankees, too, will be one, two, three," Lou insisted. "Joe DiMaggio should have a good year and that means trouble. But watch those Red Sox!"

Bellville Jays Get Revenge On Admirals

BELLVILLE — Bellville's fast-improving Blue Jays avenged an earlier defeat here last night by notching a 50-39 victory over the favored Perrysville Admirals.

Bellville kept the Admiral's high-scoring Snuffy Smith bottled up throughout the contest to hold him to 13 points. Bill Smith led the Jays with the same number while Jim Fry got 12 and Fred Collins, 10. It was the eighth victory against three defeats for Bellville.

The Blue Jays also took the reserve game, 46-33 as Jack Stevens dumped in 16 points.

Leahy Will Devote More Time to Grid

(By United Press)

Notre Dame's football rivals, who have seen just about all of Coach Frank Leahy and his powerhouse teams that they ever want to see, got some bad news today. Leahy says from now on he will "devote more time to football."

The amount of concentration Leahy has given the gridiron sport so far has been giving his foes headaches for years.

But Leahy announced last night at Norfolk, Va., that he probably will give up his added responsibilities at Notre Dame's athletic director in order to give more of his time to football. He said he hadn't been able to give the directorship enough time.

Leahy said he expected Ed (Moose) Krause, Notre Dame basketball coach and assistant athletic director, to succeed him as director.

VISITS OLD FRIEND

In Washington, D. C., it was announced that Leahy was en route there to visit an old friend, Leo Deorsey, who happens to be a member of the board of directors of the professional Washington Redskins.

This revelation, made by Redskins General Manager Dick McCann, touched off speculation that the professional team might make Leahy an offer to fill the vacancy as head coach left by the promotion to vice-president of Albert (Turk) Edwards. It was believed that Leahy would not sign for less than $50,000, but Washington Owner George Preston Marshall was thought ready to go that high for a top-flight coach.

However, the Washington Post quoted Leahy as saying that he was "definitely not" interested in the Redskins job and would remain at Notre Dame.

Hopes Rise For Canton's College

CANTON — (INS) — Canton's dream of a permanent college was beginning to materialize today after city council was assured by trustees of the Timken foundation that a survey would be taken to determine whether the 52-acre estate would be suitable for a college.

W. Robert Timken wrote that such surveys have been made throughout the country by the American Council of Education.

The "pennyweight" originally was the weight of the English penny.

UE Official Here Tonight

Ernest DeMaio, international vice president of the United Electrical, Radio and Machine Workers of America, CIO, will head the second of a series of forums presented by the UE, at the YMCA, at 8 p. m. today.

Richard Niebur, local representative of the UE, said DeMaio will speak on the recent national and state CIO conventions, and the position taken by his union at these conventions.

DeMaio, Niebur stated, is known to many Mansfield UE members having represented the UE in Ohio for a number of years. He made a Labor Day address here in 1941.

These Forums, according to Niebur, are being presented by the International union to better acquaint the UE members in Mansfield with the policies of the union, and are open to all UE members.

1—Death Notices

BEILSTEIN

CAROLINE, 78, died Tuesday at Mansfield General Hospital after a five month illness. The body is at the Wappner Funeral Home where services will be held Thursday at 1:30 p. m. in charge of Rev. John G. Gensel. Burial will be in the Mansfield cemetery.

(Wappner Funeral Directors).

3—In Memoriam

IN LOVING REMEMBRANCE of our son, Norman Ackerman, who passed away five years ago today, Jan. 18, 1944.
Our son has breathed his last, his mortal death.
Passed into what men call, but miscall, death.
Death it is not, but one step more of life
Eternal, where there is no pain, no strife
And we shall see him on that Other Shore
Never to part again . . . forevermore.
Mother Dad, Sister and Brothers.

IN MEMORIAM—Cora Pearl Walter, January 19, 1947.
You're not forgotten, Mother dear.
Nor ever shall you be
As long as life and memories last
We shall remember thee.
Loving children,
Calvin, Charles, Katherine, Raymond, Jeannette, Billie.

City's Little Theater Group To Hear Talk On Dramatics

Members of the Mansfield Little Theater group will hear Dorman E. Richardson, director of public relations for the Toledo Repertoire Little Theater, at a meeting Thursday at 7:30 p. m., in the Chamber of Commerce room, Farmers Bank building.

Richardson has been affiliated with the Repertoire Theater for more than 15 years, including 10 years as director of public relations. Richardson has worked in practically every capacity in amateur theatrical productions and makes it his hobby.

Richardson will speak on the subject, "Organization and Operation of Amateur Theatrical Groups."

In addition to his work as director of public relations, he is in charge of the $500 prize playwriting contest which the Repertoire Theater is conducting on a nation-wide basis. This contest closes June 15, and offers amateur writers the opportunity of gaining nation-wide fame.

Richardson is the second in a series of guest speakers—experts in amateur theatricals—the Little Theater expects to bring to Mansfield.

The current production of the Little Theater, "A Murder Has Been Arranged," will be presented Feb. 23 and 24 with a student night on Feb 22. Tickets will go on sale Thursday.

Quick Relief from Pile Irritation

40 years ago a Buffalo druggist created an ointment to relieve itching smarting piles. It brought such quick, cooling, soothing, astringent relief that its fame spread across the land making Peterson's Ointment a favorite in thousands of homes. Ask your druggist today for 40c box or 60c applicator tube. Peterson's Ointment delights or money back —Adv.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients

Also, SSS Tonic helps build-up non organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped Millions of bottles sold Get a bottle of SSS Tonic from your drug store today SSS Tonic helps Build Sturdy Health —Adv

Mrs. Truman's Hat Hailed as Truly United Nations Creation

NEW YORK—(AP)—Women's hats don't just happen. They are made to happen.

And there is quite a story behind the first hat of the land today—the hat that America's First Lady will wear in Washington after husband Harry's swearing-in ceremony.

Bess Truman's inaugural reception hat proves we do live in one world. It is a kind of United Nations hat—welding together the artistic talents of arid Africa, Italy, France and Hungary. The price — undisclosed — is strictly American.

"There is only one hat of this kind in the world—and there will never be another," said Suzanne Remy, petite French designer.

"And it will be worn just once. After that it will be put in the Smithsonian institution, where they also have a hat worn by Martha Washington."

The Smithsonian also recently acquired the first airplane flown by the Wright brothers.

But to get back to the hat—

Africa's contribution came from an anonymous ostrich, which donated ten tail plumes. An elderly Italian, the only man left in New York who can do this sort of work, then spent two weeks laboriously tearing the feathers apart and gluing them back together in the pattern Mlle. Remy designed.

He had to try 25 separate dyes before he could achieve the five shades of mauve the hat required to go with Mrs. Truman's grey dress. The hat was then shaped and completed by Mlle. Remy's Hungarian assistant, Nanouchka.

"It is really an international hat," said the designer, a pretty blue-eyed blonde of 28. "Mrs. Truman had two fittings. She said 'The boss' had seen it and liked it."

What else could a diplomatic husband—even the president of the United States—say?

The mauve ostrich feather creation was one of three hats Mlle. Remy designed for Mrs. Truman to wear during inaugural ceremonies. Daughter Margaret took one—a red hat with a big side bow.

"Margaret doesn't care much about hats," said Mlle. Remy. "She has such beautiful hair—she doesn't really need to wear a hat often. She tried on about 75 before she picked the one with the red bow."

Mrs. Truman was quick and decisive in her choices.

"She knows exactly what she wants," said the little milliner. "I wish more of my customers were like her."

Designing the inauguration hats capped a pleasant success story for Mlle. Remy herself.

"I came here from Paris in 1941 with only $200 and some materials," she recalled. "When I was down to my last twenty cents I had to do something. So I called up my friends and began designing their hats.

"I will never give up hats. They are my life. But I don't care about selling my hats. I am a poor business woman."

She seems to be alone in this opinion. Among her customers are such well known bargain hunters as Sonia Henie, Barbara Hutton, Hildegarde, Gene Tierney and Mrs. Harrison Williams.

Mrs. Truman was so pleased with her three hats that she invited Mlle. Remy to attend the inaugural reception and ball. Mlle. Remy is going, of course, but—

"I haven't a decent hat to wear myself," she moaned. "I never do. I don't think I've ever had a good hat in my life."

E. Mansfield Building To Open

150 Pupils Will Swell Enrollment

Monday will be moving day for some 150 pupils when the new four-room addition to East Mansfield school is opened, Henry J. Sheetz, principal of the school, announced today.

This will mean the closing of the one-room Beer school, as well as the transfer of pupils from the seventh grade at Woodville school, and sixth and fourth grade pupils from Lincoln Heights.

Between 125 and 150 pupils will be added to the present enrollment through the transfers, Sheetz said.

With completion of the new addition, which was started early last summer, the East Mansfield school will contain twelve classrooms, a gymnasium and cafeteria. In addition, new shower and dressing rooms have been completed at the school, Sheetz said.

When the Monday classes open at 8:45 a. m., four additional teachers will greet the pupils They are Mrs. Edith Miller from Beer school, and Mrs. Salome Oswalt, former sixth grade teacher at Lincoln Heights school, as well as two newcomers to the teaching staff, Mrs. Dorothy Wiles of Lexington, and Miss Virginia Holton of Mansfield.

Mansfield Crowds Like Fields Band

The band with a gurgle for a trademark entertained Mansfielders again yesterday, and the theatergoers liked it.

Shep Fields, one of the veterans of the dance band business, brought his "Rippling Rhythm" music to the Madison theater for four performances. He had appeared twice previously at the theater.

Fields showed the crowds how he puts the ripple in his music. He blows into a water-filled bowl with a straw. Then a violin and an accordion take up the theme. The two orchestra members are kept busy running back and forth to the microphone. Often the violinist plays only one note and then runs back to his chair.

Fields vocalist, tiny Toni Arden, got vigorous applause with "Buttons and Bows", "You Are My Sunflower" and other tunes. Fields predicted the 'Sunflower" tune, a new one, will be a hit.

The band's three violinists were featured in the popular "Fiddle Faddle," and the accordionist in "Flight of the Bumble Bee"

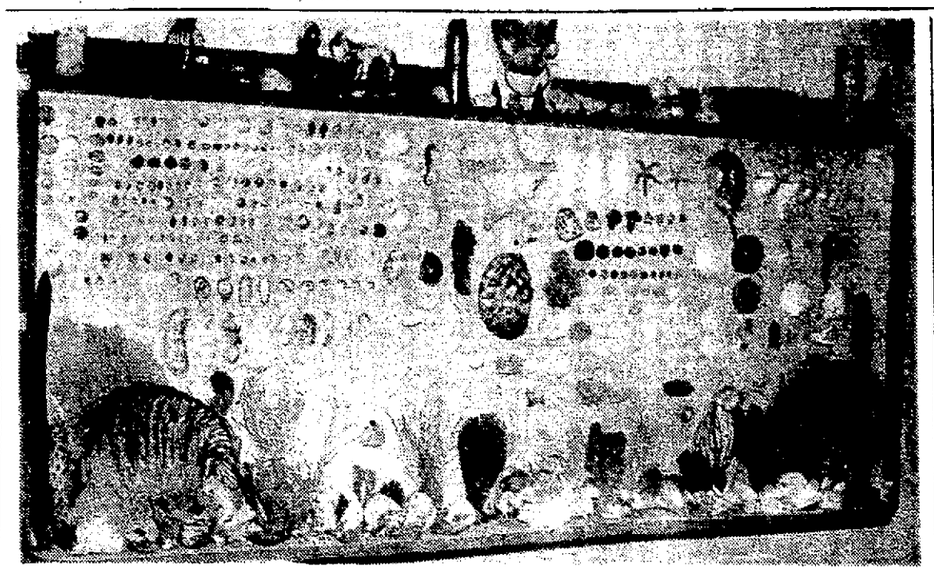
Soil Groups Select Staff

The boards of supervisors of the Richland Ashland and Wayne county soil conservation districts held an organization meeting in Ashland last night, and elected officers.

Named were Carl Obrecht, of Ashland county, president; A. L. Lockheart, of Troy township, vice president, and Orrin Hofstetter, of Wayne county, secretary.

D. W. Galehouse, of Wayne county, was chosen trustee to represent the three county districts on the state soil conservation board.

The group decided to sponsor a soil conservation field day in Wooster in August. The state plowing contests will be held in conjunction with the field day.



BUSY HOBBYIST — Not one but several hobbies keep Brent M. Harbaugh, 802 Marlow place, busy during his spare time. AAA Reports Due Tuesday

Data On Practices Sought By Office.

The deadline for reporting 1948 farm improvement practices under the federal agricultural conservation program is next Tuesday, the Mansfield Triple-A office warned today.

Farmers who signed up for the program last year and have not reported the practices which they adopted on their farms must do so by that date to claim benefits allowed by the federal government.

Receipts for lime and rock phosphate purchased during the year for soil conservation must be turned in to the Richland county AAA office. Receipts for fertilizer which was applied to pasture land must also accompany the report, the office reported. For the other seven practices approved last year no receits or other evidence are required.

Triple-A inspectors will check the other practices, which included contour seeding, sod waterways, green manure crop, muiching, tile drainage, ditch excavation, and tree planting.

Approximately 400 farmers who signed up for the 1948 program have not turned in reports, Triple-A officials said. However, it was pointed out, some farmers did not practice the soil conservation measures after having signed up last year, and therefore will not apply for subsidies.

The AAA said signing up for the 1949 program will not begin until the middle of next month.

Dog License Sale Deadline Today

Some 600 letters ordering dog tags have been received by the county auditor's office during the past two days. Today is the deadline for purchasing the tags without penalty.

However, County Auditor Norman L. Wolfe said letters with today's postmark would be received without any penalty assessment. About 5,000 of the tags have been sold.

Mansfielder's Hobby List Keeps Growing

By WINTHROP RUGGLES

Most people have a hobby, but Brent M. Harbaugh, 802 Marlow place, is unique in that his avocation is a recreation room containing many hobbies. The hobby room has built-in cabinet, of Harbaugh's own design and construction, that are built of molded plywood and trimmed in stainless steel. The cabinets keep everything in an orderly fashion and present the hobbies to the best advantage.

If you walked into Harbaugh's basement recreation room, you'd be greeted by an assortment of hobbies rivaling many hobby shops. Occupying one end of the room is a complete metal working shop, including lathe, drill press, and all the necessary hand tools required for fine detailed finishing of metal products.

Filling the remainder of the room are various pieces of photographic equipment, a collection of sea shells and sea life, model airplanes and auto racers, and other hobbies.

Harbaugh's diversified interests stem from the fact he is an expert tool and die maker. When he lacks a particular gadget, or thinks some specific gadget used in a hobby could be improved, he promptly designs and builds what he wants.

Harbaugh particularly likes to build accessory equipment for his movie photography. He made his tripod, a swing and tilt-top head for the tripod, and is currently working on a telephoto lens attachment that allows the photographer to compose his picture on a groundglass.

IMPROVES PROJECTOR

He also has made a device for the continuous projection of a strip of motion picture film. Once the projector has been started, and the film run through for the first time, the film automatically starts through again, without having to be re-wound or the machine adjusted by the operator. There are such projection devices on the market, but Harbaugh said: "I didn't want to buy one, and I thought I could make one that was simpler, anyway."

Model airplanes and auto racers can be found all over the recreation room. On one flying model plane, Harbaugh has added an engine supercharger, similar to those found on commercial aircraft.

"This attachment increases the speed of the model considerably, and I wanted to see if one could be built into a motor this small," he explained.

A marine collection of more than 200 sea shells and other forms of sea life occupies part of one wall. Mounted in the collection are sand dollars, various types and sizes of mussels and clams, conches, coral, sponges, horseshoe crabs and a sea horse. He and his wife, Helen, began collecting sea shells in 1933 while in Florida, and have since added to their collection from time to time when in Florida or California.

Harbaugh has been employed by the Mansfield Aircraft Products company at the Municipal airport as a tool and diemaker for the past four years. He is currently undertaking a movie camera and projector repair service at his home.

Up and Down the Street . . .

LOCKED OUT—

Police marked it down as a case of "mistaken identity" today. A fellow's got a right to thaw out a frozen door lock, although it may look a little shady to onlookers. Officers last night got a call from the Westinghouse police who said someone was breaking into a car on Wayne street. All police found was a rather distraught motorist working away on his frozen lock.

★

SMELLY CASE—

It's bad enough to have someone maliciously punch holes in your car radiator hose this kind of weather. But Sam Onorato, 102 West Fifth street, thinks smearing limburger cheese on the motor is going a little too far. Onorato, who quickly detected the presence of the cheese when his motor warmed up yesterday, reported to police the mischief was done while his car was parked in the Dominion Electric plant's parking lot Wednesday afternoon. The holes were punched and the cheese applied at the same time, Onorato explained.

★

GET BOOKS, TOO —

Pupils of the one-room Beer school are not only looking forward to attending classes in the new addition at East Mansfield school beginning Monday morning, but also to the fact that they will be included on the list of youngsters who may borrow books from the Richland county Bookmobile every two weeks. In the past, the Bookmobile was unable to stop at the Beer school because of the heavy schedule, but with the pupils' transfer to East Mansfield they too will be issued cards to borrow books, Mrs. Lois G. Pennell, county librarian, said today.

Although skidding temperatures have coated the Mansfield city park pools with a thin layer of ice, skaters had better leave their skates alone for a few days. Park Supt. Frank Burton said today.

Cite Aid In Capture Of Daniels

Commissioners Study Requests

Richland county commissioners today had two formal, notarized applications for the $5,000 reward they offered for the arrest and conviction of the murderer of the three members of the Niebel family.

The bids were presented yesterday by L. H. Snyder, 532 South Main street, and James A. Hildredth of Columbus.

The commissioners have stipulated that only formal application, with the grounds for the application, and an affidavit attesting to the truth of the statements, would be considered.

Snyder bases his application on his seeing the West-Daniels car at the Niebel residence early on the day of thhe murder and giving a description of the car to authorities.

AIDED CONVICTION

Snyder, a neighbor of the Niebels at the time, said his description tallied with that of the car used by West and Daniels at Columbus. He said his testimony as a witness was instrumental in Daniel's conviction.

Hildreth's application says he was passing the Ambrose tavern on July 10 when he heard shots, and saw two men leave the tavern. He followed them and got their license number.

He gave the information to Columbus authorities who found the license was issued to Daniels. Later, Daniels was linked to the Niebel murders.

Earl C. Ambrose, owner of the Columbus tavern, was shot and killed in the robbery.

Without his information, Daniels might still be at large, Hildreth said.

Temperature Dives To 16 In City

Old Man Winter, who has been conspicuous by his absence throughout Ohio for the past few weeks, did a return engagement today and brought with him temperature readings as low as 16 above zero in Mansfield this morning.

A bright sun helped the thermometer up to a reading of 23 at noon, with the forecast predicting light snow beginning late tonight or Friday. The weatherman says it will not be as cold tonight, but another temperature dive is due Friday night.

While most Mansfielders pulled their collars higher against the cold winds, weather across the rest of the nation continued to make news. No general relief was in sight as the winter's worst cold wave settled over most of the northern half of the nation.

The bitter cold was expected to hold the mercury under 20 below zero in North Dakota, while a new storm is brewing in Nevada and the Central Rockies, which authorities said might develop into another disturbance such as the four snowstorms and blizzards that have swept the plains since Jan. 2.

Heavy rains fell in southern California, while north from San Francisco to the Canadian border a snowstorm struck last night and a Pacific coast cold wave swept down from Canada.

Dealers See New Pontiac

Peter Weidner and C. J. Solomon of the Weidner Pontiac company have returned from Cleveland where they attended a dealers' preview of the new 1949 Silver Streak.

They were among more than 100 dealers from this area who saw the 1949 cars for the first time, and attended sales meetings conducted by the regional manager of Pontiac Motor Division.

Weidner and Solomon reported the new Pontiac Silver Streak features two completely new and distinct lines of cars, the Chieftain,which is functional in design and of the notch or bustle-back type, and the Streamliner, an up-to-date version of the slant, or fast-back type, both mounted on a 120-inch wheel base The former Torpedo series has been discontinued, the local dealers stated.

Dick Kelly was the pilot for the Canton men and while here, he renewed some of his old acquaintances. He was an instructor at Mansfield Airport during the war.

VERMILION — (AP) — Frank Schomer, 81, mayor of Vermilion in 1938 and 1939, died in St. Joseph's hospital in Lorain after a short illness.

Four Enlist In Air Force, Army

The Mansfield Army and Air Force recruiting center announced the enlistment of four men from northcentral Ohio Tuesday.

James M. Turner of Bellville enlisted in the Air Force for one year, and will receive his basic training at Lackland Air Force Base, San Antonio, Texas. Enlisting in the regular Army for three years were three Marion men, George H. Browning, Teddy McCarley, and Gerald P. Plotner.

Ask Betting to Pay For Veteran Bonus

HARRISBURG, Pa.—(AP)—Pennsylvania's lawmakers were asked yesterday to consider a legislature parlay—legalized pari-mutual betting to finance a $500,000,000 soldiers bonus.

The idea—offered by assemblyman Frank Costa, Philadelphia Republican — is to legalize pari-mutual betting in the state so that an estimated $10,000,000 a year in revenue might be set aside to pay for the proposed bonus to veterans of World War II.

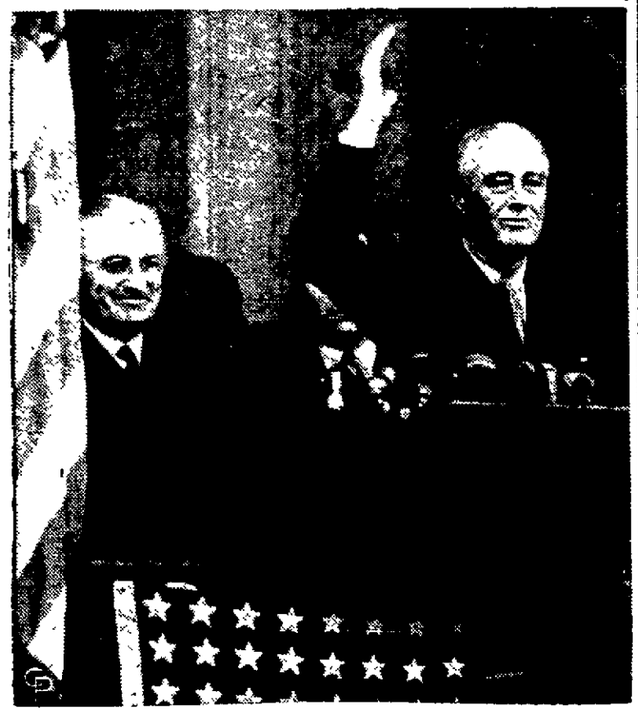
Harry S. Truman: Thirty-Second U. S. President

1899—Harry S. Truman, 32nd president of the United States, was born May 8, 1884, on a farm near Lamar, Mo. This picture was taken at the age of 15 after the family had moved to a farm at Independence. The Trumans came from old American stock which was traced back to the French Huguenots.

FAVORITE PHOTO—Here is the nation's chief executive's favorite picture. He selected it personally from among several studies made by Dr. Albert L. Miller of Washington, an old friend. As the 81st Congress began its session it was agreed that Mr. Truman had reached a peak of popularity and might this time succeed in obtaining some, if not all, of the things for which he fought—civil rights, housing, price control legislation.



JANUARY 1945—Shortly after being sworn in as vice president, Mr. Truman is shown smiling at the enthusiastic crowd which is cheering President Franklin D. Roosevelt. This picture was taken Jan. 21, 1945, just as the President finished his inaugural speech at the White House. Within three months the President died, and Mr. Truman became his successor.

1918—After a typical farm boy childhood Mr. Truman went to France in World War I. He is shown as an artillery captain after grim battles at Saint Mihiel and the Argonne; was a "tough" officer always considerate of the men under him.

NOVEMBER 1948—The biggest hero's welcome in Washington history was accorded Mr. Truman Nov. 5 when he returned triumphantly to the nation's capital. Given little or no chance to win, the President's "grass roots" campaign brought him victory despite the States' Rights party which cost him the "solid" south and Wallace's new Progressive party which drew more than 1,000,000 votes, many of which formerly had gone Democratic.

Consider Retaining Present Gas Curbs

COLUMBUS (AP) — Proposals to retain an emergency order restricting use of natural gas in Ohio for space heating were taken under advisement Tuesday by the State Utilities commission.

Chairman Harry M. Miller indicated the commission would retain the emergency order. He added, however, it probably would be modified to permit companies to take new customers if they showed they had adequate supplies.

Booklet Gives Data In Park

A new six-page descriptive leaflet on Fort Ancient State Memorial, in Warren county, about seven miles east of Lebanon, has been published by the Ohio State Archaeological and Historical society and is now ready for distribution, according to the society's headquarters in Columbus.

The booklet entitled, "Fort Ancient Earthworks", describes the two pre-historic Indian sites at the Memorial.

Copies may be obtained by writing to the Ohio State Archaeological and Historical Society, Ohio State Museum, Columbus 10, Ohio.

60,000 Enroll In Programs

C. D. Weidemaier, manager of the area Veterans Administration office, reports more than 60,000 World War II veterans are enrolled in schools or taking on-the-job training in northern Ohio

For the ten county area surrounding Mansfield, the summary lists 2,741 veterans in educational institutions, 1,162 taking on-the-job training, 36 disabled vets in school, and 282 disabled vets utilizing the on-the-job training program.

Subsistence payments for the area in the past month were estimated at $117,665 and payments for tuition and supplies were $14,406.

Farm Couples Series Continues Today

The second in a series of six classes for young farm couples will be held today at 8 p. m. in the Common Pleas court room.

The topic will be "Long Range Farm Plans," and the main speaker will be Guy Miller, rural economist of Ohio State university.

2 FROSTING
3 FUDGE
4 SAUCE
1. MAKES INSTANT COCOA or cold chocolate milk. You never saw such a cocoa for quick blending and rich flavor! No milk in Baker's 4-in-1 to turn rancid—its good taste is always the same.
2. MAKES FUDGY FROSTING with full, rich chocolate flavor men like. Baker's 4-in-1 is a blend of choice cocoas, Dutch-processed for extra-rich flavor—that's why! (Recipe on package.)
3. MAKES QUICK CREAMY FUDGE No long cooking! No guessing about when it's done! Ready to eat in a jiffy. Turns out just right every time! (Recipe on package.)
4. MAKES RICH, SMOOTH SAUCE in a hurry—and oh boy, does it melt on your tongue! It's so wonderfully smooth and chock-full of real chocolate flavor. Swell on cake or ice cream. (Recipe on package.)

The New Baker's 4 in 1

It's a brand-new type of cocoa product... four-purpose... wonderful flavor... easy to use. Exclusive, patented Walter Baker process combines cocoa and sugar in tiny hollow particles that *burst* in milk, releasing that famous Baker real-chocolate flavor. "Good" is not the word for **Baker's 4-in-1**. It's *wonderful*.

Wonderful for hot instant cocoa or cold chocolate milk! Wonderful for making quick fudge, easy frosting, and rich, rich sauce!

And **Baker's 4-in-1** is so economical! Costs far *less than* instant sweet-milk cocoas and fudges, and frosting mixes.

ECONOMY OFFER GOOD FOR SHORT TIME ONLY!

Get acquainted with the new four-purpose cocoa mix... Baker's 4-in-1. It's new different -- useful more ways than any cocoa product you've ever had. Once you've tried it, we know you'll be back for more. For your first trial package, present this coupon to your grocer—save 10c

POSTAL MYSTERY SOLVED

TONKAWA, Okla. —(U.P.)— The local post office's mystery about what happened to letters that never reached their destination has been solved. Postman Paul Walker watched on his route and saw a crow remove a letter from a mailbox. Walker said the bird was trying to detach the stamp, which apparently had attracted him to the letter.

25 Years of Breakfast In Bed End For Mrs. Herbert

HOLLYWOOD —(INS)— Actor Hugh (Woo-Woo) Herbert didn't have his usual screen smile yesterday.

He ruefully scanned the words "unkind and harsh" which appeared on the divorce papers filed by his wife in Fort Worth, Texas.

The mournful-faced comic admitted he may have lost his temper, accasionally, but, he declared:

"For 25 years I brought her breakfast and coffee in bed every morning. Then one day she said to me: 'Does it ever occur to you I might like tea instead of coffee?'

Herbert said: "'Tea,' I cried, and hurled the tray on the floor."

Herbert said he never again brought her breakfast in bed.

3 Decisions Affirmed By Court

Common Pleas Findings Upheld

Two common pleas court decisions were affirmed by the Fifth District Court of Appeals and a condition added to a third as a result of hearings held here Jan. 10.

These judgments were affirmed:

A verdict favoring Woodrow Wilson, of Lexington, the defendant in a $175 action brought against him by George S. Brightbill, of the home Realty company.

Brightbill claimed the sum as brokerage fee. He alleges he secured a buyer for the Wilson property at 174 Ford street but that Wilson then refused to sell. A common pleas court jury had found for Wilson, which decision the court of appeals upheld.

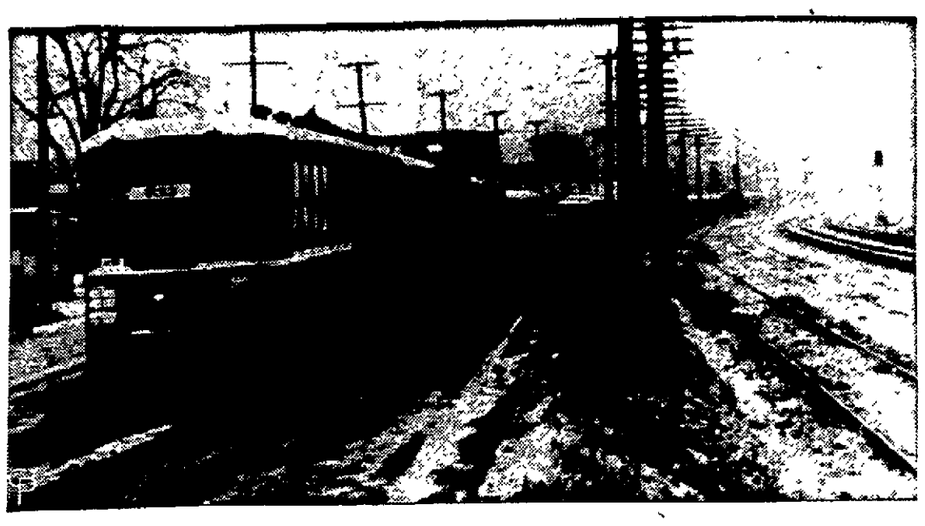
A divorce decree granted Mary E. Sargent from Delton B. Sargent was upheld by the higher court. Sargent had appealed the common pleas court decision. He had filed a cross-petition against here for divorce.

The judgment, which carries a condition is that of S. O. Darling vs. Della L. Uhler. In common pleas court, a decree of specific performance was handed down, requiring her to turn over to Darling a deed to a property he bought from her.

The court of appeals entered the same decree, but required that she be paid an additional $25.

Each of the parties was ordered to pay one-half of the court costs.

No decision has been handed down yet in the case of Ivan J. Dick and Ray Dick, seeking exceptions in the account of Allen Dick, deceased. The account was determined by Richland county probate court.



SLEET STORM TIES UP STREETCARS—Twenty-six streetcars are tied up on one line alone in St. Louis as another onslaught of winter brings blizzard conditions, freezing rain, ice sheaths and threat of a bitter cold wave to a vast area of the nation. Operator of the first car shown said it took him two hours to cover a small section of his route. Power and telephone lines also were down.

Births An Old Story to Them

CLEVELAND — (INS) — A 28-year-old Cleveland mother and a pair of city cops likely could lay claim to some sort of record today.

The policemen, patrolmen Harry W. Roche and Stanley L. Bencina, chalked up their 57th birth assist in 29 combined years last night.

They aided in the delivery of a six-pound baby boy to Mrs. Richard Dieter. The child was the Dieters' third son in 21 months.

PUT HIS FOOT DOWN

A commuter, who always caught his train at the last second, missed it one morning.

"It was my wife's fault," he explained to a friend. "She gave me a new hot cereal called Grape-Nuts Wheat-Meal. It was so darned good I ate two bowlfuls instead of my usual one.

"But I fixed that," he continued brightly. "I've forbidden her to serve it except on Saturdays, Sundays, and all holidays when I don't go to work!"

Grape-Nuts Wheat-Meal cooks in 3½ minutes. It's rich in nourishment. Get a box today.

Off with those galoshes . . .

New Bills Flood House

47 Measures Up For Consideration

COLUMBUS, —(INS)—A wave of 47 new bills flooded the House hopper Wednesday as the lower branch of the legislature completed its organization and got down to work.

The bills dealt with a variety of subjects, ranging from Rep. Steve Zona's proposal to substitute a two per cent gross receipts tax for the present three per cent sales tax to measures dealing with the operation of school buses.

Two separate measures would authorize the manufacture and sale of colored oleomargarine, making a total of four such bills already introduced in the two houses.

There also were two bills to repeal the Ferguson act of last session which prohibits strikes by state workers, and another bill to prohibit disciplinary action against public workers who do strike. Another measure would specifically authorize public workers to join unions.

Girl Wants Publicity, Sends Brother to Jail for Murder

By HASKELL SHORT

LEXINGTON, Ky. — (UP) — A blond burlesque dancer, Mrs. Virginia Bailey, 21, has admitted that the hoax which sent her brother to prison for life on a murder charge still hasn't produced the strip-tease job she hoped it would.

Her brother, Everett Flannery, was sentenced to life imprisonment for the slaying of George Green after police picked him up because Mrs. Bailey told them he had confessed the crime to her.

But on the witness stand, the well-proportioned chorus girl testified that her story of the confession was just a hoax to get her publicity. She wanted to be a "queen burlesque dancer," she said.

Nevertheless, the jury found her brother guilty on other evidence.

While Flannery lolled in his cell at Fayette county jail, his sister stretched out on a couch at the home of a friend here and talked about her future plans.

She had quite a bit to say about the art of strip-tease dancing, although ruefully she admitted no job offers had resulted from her publicity thus far.

Mrs. Bailey, who gave her age as 21, had no doubt she would be a success as a stripper.

"I think I have a lot of tease. I have all the standard equipment . . . 26-inch waist, 34-inch bust, 35-inch hips."

She also had a word for the women of Lexington.

"You can tell them to unlock their husbands now," she said. "I'll be leaving, and they can hang out the all clear sign."

Back in the county jail, Flannery was a little soured on his sister's career prospects.

"I don't want any of her money even if all this publicity does make her a burlesque queen," he said. "She hasn't been to see me, and I don't think I'll go to see her."

A husky turnkey at the jail nodded confirmation of the last remark.

Officials Postpone Skate Carnivals

Officials today announced postponements of Mansfield's two ice skating shows.

Lack of ice for the past two weeks caused the postponement. The annual public school meet was set for Saturday, Jan. 22 and the News-Journal Silver-Skates was scheduled Jan. 30, both at North Lake park.

Alternate dates will be named in the next few days.

AAC Plans To Continue Next Season

CHICAGO — (AP) — Hostilities apparently still raged between the All-America conference and the rival National Football league today as the owners of the two circuits continued to go their separate ways.

The All-America owners are meeting in the Stevens hotel, just across the street from the Blackstone hotel where the National league nabobs opened their regular winter meeting today. But a truce in the costly box-office war between the two circuits appeared unlikely.

Benjamin F. Lindheimer, chairman of the All-America's executive committee, declared after an executive meeting of the AAC's eight club owners yesterday:

"The All-America conference will continue."

ENDS ALL HOPE

His statement, which came after a four-hour meeting apparently ended all hope of any merger or football peace with the National. He said no peace meetings had been arranged with representatives of the National loop. Bert Bell, commissioner of the NFL, also said he had not received any notification or request from the AAC for any peace talks.

Whether the All-America conference will continue to operate as an eight-team circuit or with six clubs—minus the Brooklyn Dodgers and the Chicago Rockets—was slated to be decided at another executive session of the AAC today, Lindheimer said.

Both Dan Topping, owner of the AAC New York Yankees, and Paul Brown, coach of the champion Cleveland Browns, said they believed the league "will go as an eight-club circuit."

NOT LEGAL?

In reply to a question as to whether the two leagues could achieve a mutual player draft agreement Bell replied:

"I believe that any common draft or control of a maximum salary by the two leagues would be illegal."

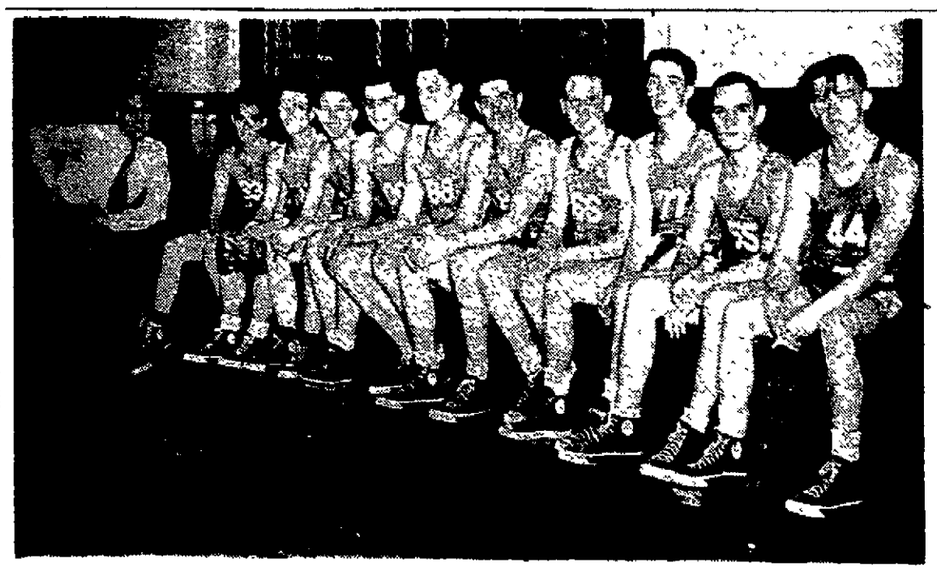
Owner Branch Rickey of the Brooklyn Dodgers and R. E. (Slim) Garn, president of the Rockets, had no comment, after Lindheimer's statement, as to whether their clubs will dig up the cash for a 1949 campaign.

The suggestion that the AAC drop the Rockets and Dodgers and proceed with six teams apparently has been discarded chiefly because Art McBride, owner of the Cleveland Browns, and Anthony J. Morabit, owner of the San Francisco '49ers, objected. These two owners ostensibly were ready to accept franchises in the rival NFL for 1949 unless the AAC proceeded as an eight-team loop.

Ohio State Star Is Still Confined

COLUMBUS — (UP) — It appeared doubtful today that Dick Schnittker, high scoring forward, would be able to start for Ohio State in Saturday's basketball game with Purdue here.

The curly-haired sharpshooter, who is currently in third place in scoring among the nation's college cage teams, arrived by plane last night from Iowa City, where he was confined to a hospital with a sore throat, fever and a rash.



SEEK 13TH WIN—The Perrysville Admirals will go after their 13th victory in 16 games tomorrow night when they are host to Hayesville. Fifth Tyger Ring Tourney Scheduled March 17-18

The fifth annual Tyger amateur boxing tournament will be staged Thursday and Friday, March 17 and 18, in the Senior high school gymnasium.

Senior high's athletic director, Augie Morningstar, will conduct the workouts for boxing candidates. The youngsters will drill each day after school in the North Lake park coliseum. Sessions are scheduled from 3 until 4:30 p. m

Road work schedule of the boxers will be dove-tailed with workouts of the Tyger indoor track squad.

Approximately 40 candidates have signed for the 1949 squad but Morningstar expects many more next week.

Last year, 45 students participated in the two-day show and 11 champions were crowned. Three of the '48 champs—Don Esbenshade, Bill Eccles and Larry Inscore—participated in the Friendly House-40 et 8 ring program Monday night.

Tyger Lineup Will Change Demyan's Out

Either Ed Schmitt or Willie Fowler will be back in the starting lineup for the Senior high school basketball team Saturday night against Akron North The game will be played in the Tyger lair.

Change in the regular starting lineup was necessitated when Ed Demyan, junior letterman, was declared ineligible yesterday for the rest of the week. The big forward has fallen behind in his grades.

Schmitt and Fowler both had been starters before Demyan and Soph Ken McCally took over four games ago Coach Vern Hoffman also announced that Bernie Weaver, who joined the squad this week, would probably see action. Weaver won a letter two years ago but did not come out for the team at the start of the 1948-49 sked. He's a forward and a good pivot shot.

The Tygers have won 16 straight at home Akron North has won four and lost four this year.

First TC Bout Disappointing

NEW YORK — (UP) — Heavyweight Rusty Payne won a unanimous 10-round decision over Curtis Sheppard last night at Manhattan Casino in the Tournament of Champions' first New York fight show.

The dull bout between the two Negroes was witnessed by a disappointing crowd of only 1,297. However, the Arena where fights are now being staged chiefly for television has a capacity of less than 3,500.

Payne of Pittsburgh won with ease over the Baltimore "Hatchet Man," who missed five times as many punches as he landed. However, Sheppard scored the only knockdown.

Fourth Fox Drive Listed Saturday

Richland county fox hunters will take to the woods Saturday near Newville in their fourth drive of the season

The morning hunt will begin at 8:45 at the Newville church and the afternoon treak is listed for 1 p. m. at the Leland Darling home one-half mile east of the church. Lunch will be served at Darling's. Officials ask that hunters fill their cars.

Darling, Paul Farst, Leonard Hayes, F. E Cole and Clarence Farber.

Billikens Face 'Slowdown' In Cage Meeting

STILLWATER, Okla. —(UP)— St. Louis university basketball coach Eddie Hickey fooled Kentucky, and he may fool Oklahoma A. & M. tonight in a "slowdown showdown" before 9,600 fans in Gallagher hall.

If he does, followers of St. Louis may take over this picturesque little cowtown by tomorrow morning because few Aggie fans believe Hickey or anybody else can whip coach Hank Iba when the basket-master of slow style play really gets his team ready for a big game.

Iba has been getting ready for this one for 10 days.

The hall was sold out 40 minutes after the ticket windows opened.

Easy Ed Macauley and his Billikens blew into town with an 11-0 record for the season, one of the few unblemished marks among major teams. They didn't appear scared.

But the records showed that Hickey's 20 meetings with Iba-coached Aggie teams have resulted in 12 Iba victories. All of Hickey's wins were scored when he coached at Creighton, before his move to St. Louis last year.

The Ags this year have a 9-2 record.

St. Louis' greatest triumph so far this season was a 42-to-40 victory over mighty Kentucky in New Orleans in late December. But that game was hardly more important to the Billikens than tonight's.

Madison Meets Big Kenton Five Friday

The Madison Rams have their work cut out for them in their scheduled attempt to get back on the victory trail tomorrow night at Kenton.

Like Madison, Kenton has beaten some smaller schools and lost to bigger ones, but over all, has played in much rougher company than the Rams. Kenton has won five games and lost four; Madison has a 6-3 record.

Probably the largest school to fall prey to Kenton was Toledo Macomber, but also beaten were such class A schools as Upper Sandusky and Bellefontaine. Lima St. Johns and Bluffton were the other victims.

PAIR TO B'S

Two of the four teams to which Kenton lost were B quintets—St. Mary's and Ada. A third loss was to the Alumni and the fourth by only 47-45 to Dayton Fairview.

In size the two teams rank about even while in experience the host team will have a decided edge. Four of the five starters held down the same positions last year.

Both teams average around the six foot mark although Kenton has the tallest man in six-foot-two-inch Gene Osbun. Osbun is also the leading scorer.

Kenton has a fine gym which will accommodate about 1,500 people and has a large playing surface.

★

Two busses will carry the Ram players and students to the game. A special bus for both varsity and reserve teams will leave at 2:30 p. m. and the student bus an hour later. The players will eat in Marion.

Reserve preliminary is set for 7 p. m.

Former Pro Coach To Head Villanova

VILLANOVA, Pa. —(AP)— Villanova college today announced the appointment of James (Big Jim) Leonard as head football coach.

Leonard succeeds Jordan Olivar who resigned to accept a similar post at Loyola university (Los Angeles).

The 39-year-old Leonard, a Notre Dame star under the late Knute Rockne, coached Pittsburgh Steelers in 1944.

Penn Quintet Can Tie Sport Center In 'A'

Ohio Sport Center takes time out from City A league play tonight to give runner-up Penn Auto-Sporting Goods a chance to tie it for the second half lead.

Sport Center has won three games and Penn Auto two but tonight Penn goes against Komito's Clothes while the leaders sit out a bye. The Komito's Penn game is set for the 7 p. m. curtain-raiser of the three game "A" league card.

Rogers Jewelry will meet Yuncker's in the second game while Martin Hardware tangles with Urschel Insurance in the nightcap.

Hot Stovers Meet Tonight

Members of the Mansfield Hot Stove league chapter will get together for their first 1949 "bull" session tonight at 7:30 in the municipal courtroom in the city building.

Tonight's session will be in the form of a reorganization meeting and review of 1948 accomplishments Initial discussion of membership drive, election of officers, 1949 plans and meetings dates will also be a part of the meeting.

Date Is Set For 'A' Cage Meet 'Draw'

Pairings for the 1949 Class A sectional basketball tournament which is scheduled for the Mansfield Senior high school gym will be made Saturday, Feb 5, Fred Staub, faculty manager of athletics, announced today.

Staub and Augie Morningstar, Tyger athletic director, are co-chiefs of the seven-team tourney which is scheduled for March 1, 2, and 5. Competing in the sectional will be Senior high, Mansfield Madison, Ashland, Shelby, Crestline, Bucyrus and Galion.

Winner of the Mansfield regional is listed to compete in the Sandusky district tournament while the runner-up will go to the Findlay district. Other teams at Sandusky will be the Sandusky regional winner and runner-ups from Findlay and Bowling Green.

At the Findlay meet will be the Findlay and Defiance winners and the Mansfield and Toledo runner-ups.

DINNER SESSION

The drawings Feb. 5 will be in the form of a dinner-meeting which is scheduled to begin at 9 a. m. Included among the officials will be basketball coach, school principal, faculty or ticket manager and one newsman from each school.

In addition to the drawings, seedings, seating arrangements and plans for ticket distribution will be made. The Senior high gymnasium will seat approximately 1,500 persons.

The entire northwest district "A" tournament setup has been changed this season. In 1948, little Madison romped over with district laurels and bowed to Findlay in the first round of the regional at Toledo. Findlay won the state championship.

Nick Weber Raps 676 Pins In City A Loop

Liederkranz Quint Knocks Down 2,919

By CHARLEY STINE

Nick Weber, the dark-haired ex-Tennessee football player and manager of Gorman-Rupp's district championship softball team, reached the heights in another sport last night.

Nick, who took up bowling only last winter, soared to a new season high for the City A league—the city's toughest pin circuit—with a 676 series. He led off with a 214 and followed with a pair of 231's to amass his fine total.

Rolling in the lead-off position, Weber paced the Liederkranz team to the high total of the night with games of 1002-939-978—2919. Paul Walrick, rolling number two, had 225-195-203—623, Dale Cleckner in the anchor spot had 592, Lou Zahn turned in 548, and Fred Carver was low, with 480

This dynamic bit of pin busting apparently set the rest of the league on fire as no less than seven men hit honor roll scores in the loop.

Ranking next to Weber was Colony Manager Art Hilborn who fired 212-225-200—637 with Bissman's league leaders. Bob Lynch of the same team posted 213-203-214—630 and K Keefer of Waldman's Meats turned in 211-188-233—632.

Others in the honor roll department included Carl Englehorn of Mitsch's, 612, and a 618 by Skeets Wolf of Waldman's.

Under the 600 mark but still with good scores were: Jerry Schaeffer, Deschner's, 590; Jack Hanrahan, Eagles, 584; Ed Henrich, Ace Cabs, 582, Oscar Tracht, Mid-Ohio, 582, and Orlie Grable, Mitsch's, 582.

Carl Englehorn holds the season high with a 714 in the Traveling league

★

One other man last night reached the 600 level, Fritz Kemle in the Victory loop. Rolling anchor for Mansfield Machine, Fritz racked up scores of 208, 157, and 257 for a 622 series.

Runner-up in the league was Al Noah, Whitney Oils, 191-170-204—565, Denny Berry, Home Interior, 550, and R. Shade, Ideal Panel, 542.

★

Fritz Schnittke led the Westinghouse A league with a 223 single game and a 572 series. Earl Lucas was in second with 548, R. Cross had 547, Frank Kudika, 536, L. Mertz, 528, and G. DeWeese, 527.

★

Paul Zartman jr. was tops in the Isaly league with 166-176-147—489 while P. Deschner had 480 and B. Houston 478.

★

E. Fellure was tops in the Westinghouse "E" with a 531 series while K. Roberts was next in line with 538 and Elmer Myers had 531.

★

Gladys Indorf led Dominion Electric with 463 while Audrey Campbell had 457 and Nellie Bonecutter, 425

★

P. Deschner led Isaly's bowlers with a 480 while B. Houston was runner-up with 478 and G. Odson had 407.

★

Raymond Dil[illegible] as tops in the St. Peter's alumni league at Richland [illegible]on with [illegible]-208-532. Jerry Dillon had 507 and Robert Piput, 501.

★

The Kay's Shoppe and McCarrick's Gulf teams provided all of the top scores in the Richland Ladies' league. But McCarrick's scored two-of-three wins in the series between the two clubs.

Ruth Southworth, Kay's, was tops with 158-175-165—498 while Ev Swank, Gulf, had 151-157-178-486 Also on the McCarrick's team Lil LeMunyon had 479 and Elnora Kanz, 467. Billie Cleckner of Kay's had 462.

Jack Reynolds, Shelby bowling proprietor, celebrated the arrival of his first child with a 299 game on his own alleys.

Reynolds got 11 perfect hits but sliced the 12th one a little too thin and left one pin wobbling but refusing to fall. Mrs. Reynolds had given birth to the couple's first child the night before.

Lumberjack 5 Defeats Au In Sudden Death

Home Materials Lumberjacks' and Au Construction tangled in the closest City league basketball game of the season last night with Home Materials winning, 34-32, in the sudden-death second overtime.

The game was tied 30-all at the end of the third quarter and again at 32-32 after the first overtime period. Don Adams then banged in a one-hander to keep his team undefeated in second half National league play.

In other games in the loop, Mitsch's Corner store won its eighth league tilt, 52-23, over the Independents and AVC defeated Four Square Gospel, 28-22.

Mitsch's led by only 9-6 at the end of the first period but soon pulled away. Leo Eldridge, Eldon Pritchard and Dick Poth tied for scoring honors with 11 points each. AVC led all the way, being ahead at the quarters, 5-2, 12-8, and 22-18.

High-Scoring Cincy Defeats Texas Wesleyan Quint, 81-67

(By Associated Press)

Ohio college basketball teams turned back two out-of-state invaders last night with Cincinnati beating Texas Wesleyan 81 to 67 and Defiance winning over Indiana Tech of Ft. Wayne 45 to 42.

Two other tilts were on the state's cage program. Ohio Wesleyan won over Capital at Columbus 68 to 63, and Youngstown college defeated John Carroll 64 to 59.

The Bearcats built up a big lead over the Texans in the first half of the game, including a 44 to 19 margin at intermission, before the visitors fought back.

The National Collegiate Athletic bureau's official figures show Cincinnati still the top offensive team among the country's major quintets with an average of 74.4 points a game for nine outings.

Cincinnati is closely pressed, however, by Rhode Island State with 73, and Manhattan, with 71.

Cleveland Barons Get Trio In Deal With Washington

(By International News Service)

The Cleveland Barons, second-placers in the western division of the American Hockey league, looked at life in a brighter light today.

After the Barons had knocked off Hershey, 5-4, last night to move in the runner-up slot, Al Sutphin, Barons owner, announced that he had completed an eight-player deal with Washington.

GET PORTEOUS TWINS

In exchange for Bryan Hextall, Ab Demarco, Julian Sawchuk, Augie Herchenratter and Tom Forgie, Sutphin obtained Ken Schultz and the Porteous twins, Dan and Frank.

Herchenratter and Forgie were playing with San Francisco and Minneapolis, respectively, Baron farm clubs.

Schultz is a center while Dan Porteous is a right wing and Frank a left wing. All three are 25 years old

Chargers Boost Into Volley Lead

The Chargers took over first place in the Girls' volleyball league last night by winning three of four games on the Johnny Appleseed court.

The Volleybelles took second as they also won three of four while the Lumberettes dropped to third with a split in two games. The Outcasts and Orphans lost three of four matches while the Blacksheep broke even in a pair.

Tribe Prexy Wants Help For Youths

By JOE REICHLER

NEW YORK—(AP)—Bill Veeck, dynamic president of the world champion Cleveland Indians wants the major leagues to stage special baseball games and contribute the profits for the promotion of sandlot baseball.

Veeck made the suggestion last night in a speech highlighting the first annual awards dinner of Sport magazine during which 11 sports stars, voted outstanding in their particular field in 1948, were honored.

SUGGESTS ACTION

"I've been a regular attendant at the banquet circuit this winter," Veeck said, "and have heard countless speeches on how to build character. Well, I believe it is about time we discarded speech making in favor of action.

"We're all looking to help the youth of America. We all want to stamp out juvenile delinquency. Let's do something practical then, let's play games, with the receipts to go to sandlot kids. If we have no playgrounds, then we have juvenile delinquency.

"Well, let's give them playgrounds. Let every club play one game a year and give the money to help the kids. If we do this, then and only then can we say we are doing it actively, not just making conversation."

LOU AMONG GUESTS

The honored athletes included Lou Boudreau, manager of the Indians; Doak Walker, the two-time All-America halfback from Southern Methodist university, and Jack Kramer, king of the tennis world

Ben Hogan, named premier performer among the golfers, and boxing's Marcel Cerdan, the middleweight champion of the world, couldn't attend. Cerdan is in his native France and Hogan is competing in a golf tournament in California.

Also absent were Buddy O'Connor, hockey star, who was in action, and Citation, the Calumet Farm's wonder horse, named tops in the turf.

"Citation couldn't attend because he is recuperating in Florida from a leg injury," quipped Toastmaster Albert Perkins, managing editor of Sport.

Wrestlers (Ha) Back In Garden

By LAWTON CARVER

NEW YORK—(INS)—You can get out the fumigators now for sure. Wrestling is coming back to Madison Square Garden.

Promoter Bill Johnston will present his first all-star wrestling show at the Garden on Feb. 22, George Washington's birthday.

What did George ever do to have his birthday so desecrated?

Johnston said that he not only is bringing wrestling back to the Garden on that particular date but will take all open dates on the Garden schedule. He says wrestling is back on the big time for keeps. Boxing is at least temporarily washed up. That always was the big thing in the Garden. Now they are willing to settle for the grunt and groaners.

Johnston said that this is the first wrestling match in the Garden since 1937 when Dick Shikat, of Germany, defeated Danno O'Mahoney, of Ireland, for the world championship.

What Bill Johnston failed to add was that Shik thus became one of at least a half dozen champions extant at the time.

Guess who is world's champion now?

None other but a sterling athlete that nobody ever heard of, Frank Sexton.

The funny thing about this situation is that a little bird just hopped up on the office window sill and whispered quietly Primo Carnera is going to windup as the world's wrestling champion.

The fact that Carnera can't wrestle doesn't enter into it. Neither can any of the rest of the groaners.

Carnera has a few things going for him. In the first place he has the publicity angle centering around his having been the world heavyweight boxing champion.

Carnera also has all the strength implied by the fact that he was a European circus strong man.

At six feet, seven inches and weighing around 275 pounds he would be hard to throw even if by some miracle he could wrestle a nickel's worth.

Anyway within a few months he will be the wrestling champion.

Dutcher Is Named 'Most Valuable' By Bucyrus Mates

BUCYRUS — Bob Dutcher, full back on Bucyrus High's undefeated 1948 football team, today had been voted the team's most valuable player by his teammates.

A secret ballot was conducted with all squad members participating. Dutcher was presented with a trophy, the gift of Walter R. "Mike" Michael, young Bucyrus industrialist and former BHS basketball star.

Gold footballs have been presented to the entire squad and its managers by the school's athletic association.

The team won the Northern Ohio League championship last fall.

Here's how YOU can win the Gold Bars of an Army Officer

TWO NEW WAYS TO JOIN THE RANKS OF AMERICA'S YOUNG LEADERS

DIRECT COMMISSION

A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: one year of honorable service in *any* of the Armed Forces between 7 December 1941 and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of 110 or better; not more than 32 years old; physically fit. Once commissioned, you'll be assigned to a 3-month officers' training school, and, on successful completion, you'll be free to compete for a Regular Army Commission if you meet the competitive tour age requirements. Go to your nearest U. S. Army and U. S. Air Force Recruiting Station for complete details at once.

OCS FOR HIGH SCHOOL GRADUATES

If you've graduated from high school or can pass an equivalent examination, are between 19 and 28 years old, are a U. S. citizen, and have necessary physical qualifications, apply now for enlistment for Army OCS. After your application is approved, you'll be enlisted as a Sergeant and given basic training if you have not had it already, then sent direct to Officer Candidate School, subject to quotas, of course. Upon graduation, you'll be commissioned a Second Lieutenant in the Reserve, and placed on two years of active duty. Top OCS graduates are commissioned in the Regular Army—all others may compete for a Regular Army Commission. Get all the facts about applying for OCS entrance at your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!
